If you've felt the unabashed freedom that comes with a motorcycle, then you know the Harley lifestyle. The Life Harley-Davidson takes a deep look at all aspect of the life that comes with these bikes. From the moment we first saw riders experiencing the joy and the freedom that can only be found riding a powerful motorcycle down an open road, many of us have been hooked on the life Harley-Davidson. The Life: Harley-Davidson celebrates that freedom. The Life Harley-Davidson covers all aspects of the Harley lifestyle, profiling celebrity Harley fans like Elvis Presley, Hunter S. Thompson, Peter Fonda, and Arnold Schwarzenegger. All the iconic machines are here, too, like the Sporster, Electra Glide, and Fat Boy. The book also explores all the major types of custom Harleys, like Bobbers, Choppers, and Cafe racers. This is about more than just motorcycles, though. It's about community, gear, and tattoos. It's about B movies, like The Wild One, The Wild Angels, and Wild Hogs. And, of course, television's Sons of Anarchy, a program that ignited interest in the life Harley-Davidson among a younger generation of rebels. Chapters cover the one percenter outlaw club scene, focusing on international clubs like the Hells Angels, Outlaws, Pagans, and Dragons.

Volume I: The Twin Cam is the updated first volume of Petersen's long-awaited Donny's Unauthorized Technical Guide to Harley-Davidson, 1936 to Present series. This twelve-volume series by the dean of motorcycle technology examines the theory, design, and practical aspects of all things Harley-Davidson.

Haynes manuals are written specifically for the do-it-yourselfer, yet are complete enough to be used by professional mechanics. Since 1960 Haynes has produced manuals written from hands-on experience based on a vehicle teardown with hundreds of photos and illustrations, making Haynes the world leader in automotive repair information.

Johnny is an impetuous young man who has died and been recruited by a Heavenly Order as an Earth Angel on the upcoming apocalypse. When he suffers an ostensibly fatal accident, causing him amnesia, he will have to find out who he really is again, and with the help of a beautiful chosen one he will do so; at the same time, he will find out his real purpose in life. He will have to battle unknown forces and rescue New York from its impending doom. Thus, accompanied by his growing Celestial powers and the help of the FBI, Johnny discovers a world outside his own (outside his lonely life) and a higher calling; indeed, a higher calling he's been trying to deny for years, such runs deep in his blood. It's a world that forces all his relationships to shatter. Johnny can't trust anyone with his secret, and for so long he felt burdened by it, until someone comes along and teaches him love and trust and to accept himself. He's forced to figure out how to reclaim his place instead of just taking up space.

This book from Wolfgang Publications shows how and why of performance engine building with 500 color photos. Not a what-to-buy-book - it's a how-to-build book. Take advantage of the knowledge shared by the

R&R Cycles crew.

Harley-Davidson's Softail line is one of Harley's best-selling series, and in fact is one of the most popular large-displacement motorcycle series in the world. No question, the Softail defines the cruiser genre, the best-selling segment in the U.S. motorcycle market. Combine the bikes' popularity, their beautiful design, and the relative few books on the subject, and Harley-Davidson Softail is the perfect choice for Harley enthusiasts. This Softail bible discusses the story behind the original Softail chassis, built and marketed by Bill Davis before being purchased by Harley, and continues by focusing on the various Softail models, such as the Heritage, Springer, Fat Boy, and the latest Softail series, which uses the innovative dual counterbalanced Twin Cam 88B engine.
