Presents a thematically indexed bibliography devoted to Afghanistan. Following the pattern established by one of its major data sources, viz, the acclaimed Index Islamicus, both journal articles and book publications are included and indexed.

The book explores the historical development and status of political and economic institutions in The Caribbean. The Caribbean institutional reality is studied vis-à-vis best international practices. The main objective is identifying positive aspects and institutional areas in need of improvement that could facilitate a sustainable development path in The Caribbean.

Social Democracy has long been prominent in Nordic politics through the dominant parties and ideological hegemony of the centre-left. This book explores the growth of social democracy and the policy dilemmas that social democrats face today. It breaks new ground by relating recent literature on social democracy in Europe to Scandinavia.

The extractive industries (EI) sector occupies an outsize space in the economies of many developing countries. Policy makers, economists, and public finance professionals working in such countries are frequently confronted with issues that require an in-depth understanding of the sector, its economics, governance, and policy challenges

"The present study goes beyond reporting on a single year's production and value. It examines Afghanistan's opium economy in order to understand its dynamics, the reasons for its success, its beneficiaries and victims, and the problems it has caused domestically and abroad."-- Executive summary.

This dictionary offers a complete compilation and a historical-comparative reflection of the hereditary lexis of the Kartvelian (South Caucasian) language family. The dictionary contains a wealth of new lexical entries, corrections of earlier attempts and new reconstructions.

This dictionary, indispensable for those interested in the Crimea, Ukraine, as well as Eurasian nomadism, is the result of year-long painstaking research into the etymology of Crimean pre-Russian habitation names, shedding light on the Turkic, Greek, Caucasian and other place-names in a comparative context, as well as the histories of these cities, towns and villages themselves. With detailed maps and indices.

Die Georgische Sprache is a systematic description of the structure of the Georgian language. With an in-depth contextualising introduction, as well as a description of the changes from Old to New Georgian.
