Vast legions of gods, mages, humans, dragons and all manner of creatures play out the fate of the Malazan Empire in this first book in a major epic fantasy series The Malazan Empire simmers with discontent, bled dry by interminable warfare, bitter infighting and bloody confrontations with the formidable Anomander Rake and his Tiste Andii, ancient and implacable sorcerers. Even the imperial legions, long inured to the bloodshed, yearn for some respite. Yet Empress Laseen's rule remains absolute, enforced by her dread Claw assassins. For Sergeant Whiskeyjack and his squad of Bridgeburners, and for Tattersail, surviving cadre mage of the Second Legion, the aftermath of the siege of Pale should have been a time to mourn the many dead. But Darujhistan, last of the Free Cities of Genabackis, yet holds out. It is to this ancient citadel that Laseen turns her predatory gaze. However, it would appear that the Empire is not alone in this great game. Sinister, shadowbound forces are gathering as the gods themselves prepare to play their hand... Conceived and written on a panoramic scale, Gardens of the Moon is epic fantasy of the highest order—an enthralling adventure by an outstanding new voice. This quirky novel - a bestseller in India - chronicles an Indian student's year abroad at an American university. Gopal's hilarious misadventures with the American language, his flamboyant landlady, the ubiquitous hamburger, and, most of all, American women form the basis for this wonderfully truthful story. Faced with the relentless sexuality of his fellow college students, the quintessentially decent Gopal reacts with a mixture of disbelief, sly amusement, and hormonal overload. Throughout his battles with racism, his own insecurity, and his family's warning that he will be severely judged should he dabble in America's temptations, Gopal retains a dignity and surprising shrewdness, rejecting the worst of what American offers even as he recognizes the best. Following reluctantly behind the outrageous leadership of his American friend Randy, the naive but observant Gopal reacts with a wit that far transcends his linguistic limitations.

From the No. 1 Sunday Times bestselling author of *Just My Luck*, comes a compulsive tale of a modern-day Cinderella's quest for her own happily ever after. Don't miss Adele's gripping new novel, the Sunday Times bestseller *Both of You*, out now! Acclaim for Adele's compelling, twisty and acutely observed novels: 'Tightly plotted, brilliantly conceived and totally gripping' Lisa Jewell 'Twisty, unputdownable and utterly engrossing' Jenny Colgan 'Brilliant storyline, great characters, very clever, loved it!' B A Paris 'Addictive and perceptive' Lucy Atkins CAN LOVE FOOL YOU? Staring thirty in the face, Fern is fed up. Her four-year-relationship has ground to a halt and Adam just won't get down on one knee. So when a gorgeous man sweeps her off her feet and is ready to take things a mile a minute, Fern knows it's time to move on. And who better to move on with than the UK's hottest pop star, *Scottie Taylor*? The starry-eyed romantic is catapulted into a girl's ultimate fantasy, as her Prince Charming pops the question and jets her off to LA for a life of luxury. But is this whirlwind romance set to last, or did Fern's dreams come true all too fast? This followup to Ian C. Esslemont's *Blood and Bone* is sure to delight Malazan fans. Tens of thousands of years of ice is melting, and the land of Assail, long a byword for menace and inaccessibility, is at last yielding its secrets. Tales of gold discovered in the region's north circulate in every waterfront dive and sailor's tavern, and now countless adventurers and fortune-seekers have set sail in search of riches. All these adventurers have to guide them are legends and garbled tales of the dangers that lie in wait -- hostile coasts, fields of ice, impassable barriers and strange, terrifying creatures. But all accounts concur that the people of the north meet all trespassers with the sword. And beyond are rumours to lurk Elder monsters out of history's very beginnings. Into this turmoil ventures the mercenary company, the Crimson Guard. Not drawn by contract, but by the promise of answers: answers to mysteries that Shimmer, second in command, wonders should even be sought. Arriving also, part of an uneasy alliance of Malazan fortune-hunters and Letherii soldiery, comes the bard Fisher kel Tath. And with him is a Tiste Andii who was found washed ashore and cannot remember his past life, yet who commands far more power than he really should. Also venturing north is said to be a mighty champion, a man who once fought for the Malazans, the bearer of a sword that slays gods: Whiteblade. And lastly, far to the south, a woman guards the shore awaiting both her allies and her enemies. Silverfox, newly incarnated Summoner of the undying army of the Tlan Imass, will do anything to stop the renewal of an ages-old crusade that could lay waste to the entire continent and beyond. Casting light on mysteries spanning the Malazan empire, and offering a glimpse of the storied and epic history that shaped it, "Assail" is the final chapter in the epic story of the Empire of Malaz. The unforgettable story of the 1973 U.S. Open-and the unknown young golfer who astonished the world... In 1973, a Who's Who of golf's greats gathered at the Oakmont Country Club for the U.S. Open. Among those favored to win were Jack Nicklaus and Arnold Palmer. Instead, Johnny Miller-a 26-year-old onetime phenom from San Francisco-astonished the golfing world by edging out the legends and crafting a record-setting 63 to win by a single stroke. Featuring extensive archival and video research and candid interviews with leading golfers of the era, *Chasing Greatness* beautifully captures one of the unlikeliest victories and dramatic sports triumphs of the past half century. Authors Adam Lazarus and Steve Schlossman also chronicle the careers and the lives of six extraordinary figures during golf's modern-day golden era: Miller, Palmer, Nicklaus, Lee Trevino, Tom Weiskopf, and John Schlee.

The famously false memoirs of James Frey may be yesterday ' s news, but as this funny riff reminds us, literary fakes are as old as literature itself. Ian Minot is an aspiring writer who labors over short stories that seem destined to remain unread. His beautiful Romanian girlfriend, Anya Petrescu, finds success more easily—and leaves Ian for Blade Markham, a bloviating ex-gangbanger whose " so-called memoir " is a best-seller. When Ian is approached by ex-editor Jed Roth, who wants Ian to publish Jed ' s pulpy tale of book theft and murder as a memoir, then renounce it, it ' s a chance for both of them to get revenge: Jed on his former employer, and Ian on the world. Although Langer may be too cute for some (he employs made-up slang in which a penis is a portnoy), he does an engaging job with the hall-of-mirrors plot. And if readers can predict that the book they ' re reading is the one that Ian ends up writing, they ' ll never guess the ending. Just when you want a surprising twist, Langer delivers several.
