I recently came across your webinar on Algorithmic Trading in 2009 and it is a great one. However for the "simple market making system based on a paper by Sanmay Das" part, I am wondering which paper you are referring to and it seems that this system is not about market making but a directional bet system.

Computing VaR with MATLAB -
Humusoft

Trading Toolbox poskytuje funkce pro přístup k datům, definování typů objednávek a zadávání pokynů na finančních trzích. Toolbox umožňuje integraci proudů kontinuálních a na událostech založených dat do prostředí MATLAB, což umožňuje vývoj obchodovacích strategií a algoritmů, které v reálném čase mohou provádět analýzy a reagovat na situaci na trhu.
