By Jennifer Stearns,
Michael Surette . When
you ' re studying
microbiology, you need
to know the key
differences between the
three domains of life,
how scientists name and
classify organisms, and
how scientists identify
microorganisms.

dummies

Only a few hundred people take microbiology courses every year, and going on to further study is fairly common for graduates. Last year was a bit difficult for new microbiology graduates, so the figures above are a bit gloomier than you'd usually expect, but we'd hope they'd improve in the next few years.
