Caterpillar C7 Recall - Read About C7 Recalls & Complaints ...

Since you do not have an AC signal going to the injectors while cranking, there must be an electrical problem with the engine. In order to start the C7 engine needs: Power to the ECM (your light comes on so we know there is power) A good ECM (your light comes on so we know the ECM is operating) The next thing you need is an engine Speed Timing signal

C7 ACERT CAT with starting problems – Please help.

Valve breakage is a very common problem on the C7 and its forerunner the 3126B. However the mileage is usually in excess of 200,000. I have know several that have had the same problem. Almost always the very last valve on the number 6 cylinder. Glad you had warranty because CAT won't help.

2006 Cat C7 - Engines - FMCA RV Forums – A Community of RVers

The Caterpillar C7 Engine was produced from 2003 - 2009 and was originally touted to be the greatest CAT Engine ever made. However, things don't always go according to plan. Read about the history and technical specs of this legacy engine.

The Heartbreaking History of the CAT C7 Engine

I'm a small towing company and my 2004 Ford F650 with a C7 Cat engine is a money pit. We were having problems with it running rough and white smoke. Took it to shop and replaced injectors cost ...

Top 90 Caterpillar Reviews - ConsumerAffairs

Caterpillar (Cat) is well known for large, earthmoving machinery, but is often overlooked when it comes to on-highway engine production. One of the engines Cat manufactures is the 7.2 liter C7 engine. The two versions of this engine are: the 2004 EPA (EPA 04) compliant and the 2007 EPA (EPA 07) compliant model

7.2 Diesel Performance | It Still Runs

The port engine started up and ran rough from the get go. Investigated, and found massive oil in the turbo. Investigated further and found rust and corrosion under the valve cover along with crap on top of the head. Went back to Caterpillar with an estimate for the warranty work to replace the port C7.

Marine Diesel Engines - Caterpillar C7 1 engine problems

The C7 was Caterpillar's answer to growing demands for emissions reductions and was derived from its older engine brother, the Cat 3126. The 3126 was, in fact, the replacement for the Cat 3116 and that's where this story REALLY starts. The 3116 engine was used up until the mid '90s until society demanded more.
