Print this page. In Grade 6, instructional time should
focus on four critical areas: (1) connecting ratio and
rate to whole number multiplication and division and

Acces PDF California Mathematics Grade 6 Solutions Manual

using concepts of ratio and rate to solve problems; (2) completing understanding of division of fractions and extending the notion of number to the system of rational numbers, which includes negative numbers; (3) writing, interpreting, and using expressions and equations; and (4) developing understanding of statistical thinking.
