When you're down on the farm, things are bound to get dirtyJoe Remke just has one qualification for his lovers-he wants them gone before sunrise, which makes his new bunkmate AJ about as safe as a woman can be around him. It also makes his determination to sleep with his boss downright stupid, because if Brent ever gives in, he'll be looking for a new job.Brent Andersen knows sex with his right-hand man Joe is inevitable, but he's not going down without a fight. Putting the new female hired hand in their cramped RV was a stroke of genius, taking the heat off him while protecting her from the horny guys on his custom farming crew.AJ Pender's bunkmates may hide their feelings for each other from the rest of the crew, but they aren't fooling her-Brent and Joe are hot for each other, and it's all she can do not to cry at the thought. Not that they'd be interested in her, of course, and if they ever found out she fantasizes about being the meat in their farmer sandwich, they'd probably die laughing.Fortunately for Brent and Joe, fantasies have a way of outing themselves and AJ's are right up their alley. But even three-ways have their risks, and AJ can serve as a buffer for only so long before the tension between them explodes.Warning: Flying BOBs ahead-and that's just the warm-up! Strap yourself in for a wild ride complete with ménage, m/m, and a voyeuristic f/f scene hot enough to make three grown men beg for mercy.

A brilliant woman, a couple of mad scientists, and an erotic experiment with shocking results... Vascular surgeon Dr. Rachel McBride knows she'd be insane to pass up the chance to work on Julian Kilmartin's cutting-edge research project. The reclusive neurologist has been the object of her submissive daydreams since residency, and time and distance have only strengthened the dark compulsion. To complicate matters, a former lover who was all too aware of her attraction to Julian is also on the team. Charming but obnoxious Dr. Colin Carter was Julian's protégé back in the day, and nothing appears to have changed... or has it? There's an earnestness to Colin now, an urgency she's never before seen in him. When she accepts the offer and travels to Eastern Europe, Rachel discovers that research is only part of her job description—and her total submission is only the beginning of the sexual excesses Julian and Colin will demand from her. Warning: You should assume any Robin L. Rotham book contains BDSM elements, anal play, and every possible ménage à trois permutation. Additionally, FrankenDom contains mad scientists, real dungeons, whips, chains, spanking, a variety of taboo fantasies, mild puppy play, electrical devices in uncomfortable places, humor, and an intimidating ratio of sadists to masochists.

From New York Times & USA Today Bestseller, Vi Keeland, comes a steamy new romance novel. The rules: No dating. No sex outside of the game. No disclosing the terms of the contract. Rules were made to be broken, right? Eight weeks ago I signed a contract. One that seemed like a good idea at the time. A handsome bachelor, luxury accommodations, and a chance to win a prize my family desperately needed. There were some rules though. Lots of them actually. Follow the script, no dating, sex, or disclosing the terms of the deal. After my self-imposed moratorium on men the last year, it wouldn't be hard to live up to my end of the bargain...so I thought. Until I realized the deal I'd made was with the devil...and I was in love with his dirty-talking brother. Author's note – Throb is a full-length standalone novel. Due to strong language and sexual content, this book is not intended for readers under the age of 18.
