Wizard's private eyes don't want any girls in their clubhouse. But a funny little man double-crosses the boys with a message in code. Then Marigold and her girlfriends get to show just how much the private eyes really need them.

For Newport, Rhode Island's high society, the summer of 1896 brings lawn parties, sailboat races...and murder. Having turned down the proposal of Derrick Andrews, Emma Cross has no imminent plans for matrimony!let alone motherhood. But when she discovers an infant left on her doorstep, she naturally takes the child into her care. Using her influence as a cousin to the Vanderbilts and a society page reporter for the Newport Observer, Emma launches a discreet search for the baby's mother. One of her first stops is a lawn party at Mrs. Caroline Astor's Beechwood estate. But an idyllic summer's day is soon clouded by tragedy. During a sailboat race, textile magnate Virgil Monroe falls overboard. There are prompt accusations of foul play/and even Derrick Andrews falls under suspicion. Deepening the intrigue, a telltale slip of lace may link the abandoned child to the drowned man. But as Emma navigates dark undercurrents of scandalous indiscretions and violent passions, she'll need to watch her step to ensure that no one lowers the boom on her...

If you're an app developer with a solid foundation in Objective-C, this book is an absolute must!chances are very high that your company's iOS applications are vulnerable to attack. That's because malicious attackers now use an arsenal of tools to reverse-engineer, trace, and manipulate applications in ways that most programmers aren't aware of. This guide illustrates several types of iOS attacks, as well as the tools and techniques that hackers use. You'll learn best practices to help protect your applications, and discover how important it is to understand and strategize like your adversary. Examine subtle vulnerabilities in real-world applications!and avoid the same problems in your apps Learn how attackers infect apps with malware through code injection Discover how attackers defeat iOS keychain and data-protection encryption Use a debugger and custom code injection to manipulate the runtime Objective-C environment Prevent attackers from hijacking SSL sessions and stealing traffic Secretly delete files and design your apps to prevent forensic data leakage Avoid debugging abuse, validate the integrity of run-time classes, and make your code harder to trace

Congregations are made up of people with all sorts of theologies. Pastor Mike Slaughter even says that these can stand in the way of the church's mission of social and personal holiness. But most people do not adopt a theology on purpose, mostly they merely breathe in the prevailing cultural air. The theology "de jour" seems to be Calvinist, with its emphasis on [the elect] and [other worldly salvation.]] In fact, there is so much Calvinism saturating the culture, that some do not even know there is an alternative way of thinking about their faith. They don't know where to go to find a viable option; they don't even know the key words to search Google. So people are left thinking like Calvinists but living with a desire to change the world, offering grace and hope to hurting people in mission and ministry/loving the least, the last, and the lost. In other words, they are living like Wesleyans. This book shows what Calvinist and Wesleyans actually believe about human responsibility, salvation, the universality of God's grace, holy living through service, and the benefits of small group accountability--and how that connects to how people can live. Calvinists and Wesleyans are different, and by knowing the difference, people will not only see the other benefits of Wesleyan theology but will be inspired to learn more. By knowing who they are as faithful people of God, they will be motivated to reach out in mission with renewed vigor. And they won't be obstacles to grace and holiness, but they can be better disciples and advocates for Christ through service in this world.

In one day, the world fell to a pestilence that decimated the living. In their place rose a new species: vicious, gruesome, wandering zombies with an insatiable hunger for the living. Still in her twenties, Cash has watched her friends die, only to walk again as monsters. An office worker with few survival skills, she joins up with Clutch, a grizzled Army veteran with PTSD. Together, they flee the city, with nothing but Clutch's military experience and Cash's determination to live. As they fight to survive in the zombie inferno, they soon discover that nowhere is safe from the dead...or the living. 100 Days in Deadland is inspired by the first poem in Dante Alighieri's Divine Comedy, the classic tale on the horrors of hell... zombie apocalypse style! Deadland Saga: 1. 100 Days in Deadland 2. Deadland's Harvest 3. Deadland Rising

**** Mature Content, Sexual Situations, Adult Situations, Strong Language **** She found him on a snowy night. He sparked her desires and inflamed her dreams. Independent and feisty, Shea Madison has a tussle on her hands. Living in and loving her quiet little corner of Montana, she's fiercely determined to fight a real estate developer trying to turn her quaint little mountain town into a touristy ski resort. So, when an outsider shows up to study the effects on the area, she instantly attempts to sway his impression... even if it means a little harmless flirting with the enticing visitor. Rhys Weland's charade has one purpose-to bring the locals around to the idea of the resort, primarily the ringleader, Ms. Shea Madison. Embroiled in his deception, he's stunned by the feelings she draws from deep inside him. Her integrity and sincerity quickly have him second-guessing his twisted morals. Her spirit arouses his soul. Her sensuality steals his breath. In the dark of the night, in the warmth of the fire, the passion smoldering between them combusts. But just when it all seems to make sense, one small stubborn mistake shreds the fragile bond between them. Will an impetuous act reignite their flame, or will their love vanish like sparks in the air?

An important revisionary study which creates a new framework for Anglo-American relations before, during and after the War of Independence.

On the run from the City soldiers, the Amazons of Tristaine seek refuge deep in the mountains, where an even greater danger awaits. In their new mountain stronghold, a battle rages for the lives and souls of the Amazons of Tristaine. While Jess and her warriors fight a ghostly army, their weakened leader, Shann, must find a way to defeat a powerful demon queen. Shann's only hope is to reveal long-held secrets that will change Brenna and Jess's life forever. The Thesephorah moon rises over the last bloody confrontation between two great Amazon tribes-the living and the dead-and when the sun dawns, only one queen rules the village.
