This marks the 50th anniversary since the first edition of the Comprehensive Textbook of Psychiatry was published in 1967. That edition consisted of one volume of about 600 pages with less than 100 contributors. The current 10th edition has over 5,000 pages in two volumes with over 650 contributors. This expansion represents the growth of psychiatry marked by an explosion of research and knowledge in neural science and in basic biological and psychological science.
