~~Consciousness: Confessions of a Romantic Reductionist (The MIT Press)~~

Koch recounts not only the birth of the modern science of consciousness but also the subterranean motivation for his quest:his instinctual (if "romantic") belief that life is meaningful. Koch describes his own groundbreaking work with Francis Crick in the 1990s and 2000s and the gradual emergence of consciousness (once considered a "fringy" subject) as a legitimate topic for scientific investigation.

~~Consciousness: Confessions of a Romantic Reductionist~~

As with any book on a topic as contentious as consciousness, this one is not without its detractors. Indeed, upon its initial release several years ago the book attracted a fair amount of interest, motivated in part by a critical review by the philosopher, John Searle, that appeared in the New York Review of Books . [Unfortunately, Searle's original review is partially hidden behind a ...

~~Consciousness: Confessions of a Romantic Reductionist by~~

An intense collaboration between Koch and Francis Crick during the 1990s and 2000s brought consciousness to the limelight of the neuroscience community. Consciousness: Confessions of a Romantic Reductionist is a tale of two stories that, like the two strands in Crick and Watson's double helix, intertwine and complement each other. The first story is autobiographical: from Koch's upbringing in a Roman Catholic family and his fascination with computing-machines as a child to his current ...
