for analysis and research in the social sciences, presenting work on the theory, methods, practice, and history of sociology. AJS also seeks the application of perspectives from other social sciences and publishes papers by psychologists, anthropologists, statisticians, economists, educators, historians, and political scientists.

This manual contains overviews on language acquisition and distinguishes between first- and second-language acquisition. It also deals with Romance languages as foreign languages in the world and with language acquisition in some countries of the Romance-speaking world. This reference work will be helpful for researchers, students, and teachers interested in language acquisition in general and in Romance languages in particular.
