helps the employee to get job security and job satisfaction. The more satisfied the employee is and the greater is his morale, the more he will contribute to organizational success and the lesser will be employee absenteeism and turnover.

## Training of Employees - Need and Importance of Training

Employee training impacts a company ' s immediate needs by teaching new hires how to do job-related tasks. The more technical work that can be carried out, the more bandwidth a company has to sell their services. Employee development serves as a long term growth tool to enhance employees ' skillset, thereby creating a more valuable
