Reiki master and best-selling author Diane Stein has been a dedicated hands-on healer since 1988. Stein believes strongly that this powerful healing art, once a closely guarded secret tradition, should be accessible and available to all. Since she began teaching in 1990, Stein has initiated thousands of students in all three levels of Reiki healing. Through these efforts she developed a comprehensive teaching method that encompasses the fundamentals of this ancient system. The ESSENTIAL REIKI TEACHING MANUAL equips the Reiki initiate with the practical tools needed for launching a Reiki healing practice, leading a Reiki workshop, and becoming a more effective Reiki practitioner. This hands-on instructional guide together with the digitally re-mastered DIANE STEIN'S ESSENTIAL REIKI WORKSHOP DVD is the next best thing to a personal teaching session with Diane Stein herself.

Reiki is an ancient and profoundly simple system of "laying on of hands" healing derived from Tibetan Buddhism. In the West, Reiki has been kept highly secret for many years. ESSENTIAL REIKI presents full information on all three degrees of this healing system, most of it in print for the first time. Teaching from the perspective that Reiki healing belongs to all people, Diane Stein breaks new ground in her classic guide to this ancient practice. While no book can replace the directly received Reiki "attunements," ESSENTIAL REIKI provides everything else that the healer, practitioner, and teacher of this system needs.

Author and healer Diane Stein brings to the layperson psychic healing techniques once assumed to be too esoteric to use without highly specialized knowledge, years of training, and a paranormal gift. Those at the intermediate level will learn to utilize spirit guides and angels, and how to use healing crystals, hands-on healing methods, emotional release work, and remote healing. An advanced program discusses healing karma and past lives, soul retrieval, releasing entities, spirit attachments, and understanding and aiding the death process. Women are naturally healers. Throughout time, they have performed curative roles as mothers, midwives, caregivers, and wisewomen, but modern medicine has suppressed this important tradition. Ancient women healers knew that the body is more than what is seen: through body, emotions, mind, and spirit, we can connect with the Goddess and actively choose to heal ourselves and others. By relearning and using ancient skills like aura and chakra work, creative visualization, meditation, laying on of hands, psychic healing, and working with crystals and gemstones, women can prevent or transform many dis-eases of the body and spirit before they become matters for modern medicine. In THE WOMEN'S BOOK OF HEALING, Diane Stein, author of the best-selling ESSENTIAL REIKI, demystifies, explains, and teaches these skills in ways that modern women can learn and use. She first introduces basic healing, then applies those skills to healing with crystals and gemstones-a beautiful, effective, and empowering aspect of the ancient woman's healing methods. A comprehensive guide from a knowledgeable healer, THE WOMEN'S BOOK OF HEALING proves that well-being is within a woman's choice and natural abilities, and reaffirms her timeless role as healer of herself and others. • An affirmation of woman's traditional role as healer, speaking to a national trend toward alternative medicine and natural healing methods. • Demystifies, explains, and teaches the healing capabilities of auras, chakras, laying on of hands, crystals, gemstones, and colors. • Thoroughly revised and updated, with a new introduction. • Diane Stein's books have sold more than 600,000 copies.

"By the study, experimentation and practice of natural healing, women are changing and charting the future of health care. Despite heavy resistance or lack of recognition from patriarchal medicine, they are nevertheless making positive changes that will continue and increase. Women's emphasis on one-to-one work practiced in mutual agreement and participation is very different from mechanized and big-money medicine, and has results and successes far beyond expectations. The emphasis on self-healing returns health care to the consumer, to women's lives and bodies, for the first time in centuries. The medical system cannot control a movement held in the hands of women, though it may try. Women are taking control again of healing, our daughter-right, for the first time since the matriarchies and the Inquisition,"—from the Introduction
