Elementary and Intermediate Algebra 4th Edition Sullivan ...

About the eBook / Books a la Carte Fourth Edition. Elementary and Intermediate Algebra is known for being written from the ground-up as a combined text to help students move seamlessly from one course to the other and to eliminate much of the overlap between the two courses. George's goal with this revision was to create a new, digitally enhanced MyMathLab edition to supplement and improve upon the traditional approach that so many instructors value, rather than radically change it.
