Be Informed Many emergencies and disasters occur without any warning. Since you can't predict where you will be for disasters, it is important to have plans and supplies for the places you and your household go to regularly. Planning ahead makes sure that you and your family will know what to do and have the supplies you need to be safe wherever you are.

Plan for Locations | Ready.gov

This emergency plan should to be in proportion to the level of risk presented by event activities and the potential extent and severity of the incident. Consider the key risks Using the resources available to you onsite, develop emergency procedures to be followed
