As with the other two books in this series, the fantasy world Kristen Ashley transports you into seems so real. Her descriptions of each world is so well written and feels so realistic. You can picture everything. This is Cora and Tor's story which has a bit of a twist on the other two in that halfway through the story Tor ends up in our world.

Fantastical by Kristen Ashley My rating: 3 of 5 stars The third book in the 'Fantasyland' series, 'Fantastical' ended up being just an "okay" read for me. (GOLDEN DYNASTY is the best.) FANTASTICAL is a bit more complicated than a typical Kristen Ashley book. In this case it seems to be due to setting up future books in the series. Characters, plot, romance, and style are all typical for this author. For me, Kristen Ashley's best books are KNIGHT and GOLDEN DYNASTY, and those were three stars.
