(OLD VIDEO) Osmosis Finding Nemo Biology Questions Answers

Answer: Marlin. While on their way to school, Nemo suggests that while he's at school he'll see a shark. While Marlin doubts that his son will, Nemo asks how old sea turtles are, saying that Sandy Plankton from next door says that sea turtles live to be about a hundred years old. He wants to answer his son's questions, but he doesn't know the answers because he never met either a shark or a turtle, so tells him that if he will ask if he meets either.
