Gajah Mada Kemelut, Tahta \u0026 Angkara Bagian 10 (Taklimat Gajah Mada)

History of Indonesia, past and present.

A Japanese boy born without arms or legs tells his own astonishingly upbeat story. Reading about how determined he was to join in everything may change your own life in more ways than one. Book jacket.

Over the course of a single summer, thirteen-year-old Miles O'Malley, a young boy with a fascination for the sea, copes with the trials of growing up, his infatuation with the girl next door, bickering parents, and his fear that his life and his beloved Puget Sound are slipping away from him. A first novel. Reprint.

This is not poetry. Just a reminder to myself that I am human, I am worthy, and I am happy

In this sweeping saga of love, loss, revolution, and the resilience of the human spirit, Amba must find the courage to forge her own path. Amba was named after a tragic figure in Indonesian mythology, and she spends her lifetime trying to invent a story she can call her own. When she meets two suitors who fit perfectly into her namesake's myth, Amba cannot help but feel that fate is teasing her. Salwa, respectful to a fault, pledges to honor and protect Amba, no matter what. Bhisma, a sophisticated, European-trained doctor, offers her sensual pleasures and a world of ideas. But military coups and religious disputes make 1960s Indonesia a place of uncertainty, and the chaos strengthens Amba's pursuit of freedom. The more Amba does to claim her own story, the better she understands her inextricable bonds to history, myth, and love."
