From the
introduction: So I
would commend
these formative
writings of Fritz Perls
to those who would
get a fuller sense of

work in progress, but
already a fairly

consistent field-
relational approach
to psychology and
therapy. My hope is
that, with more
people reading these
papers and our 'Bible,
' Perls, Hefferline and
Goodman, the
discussion of what is
useful and what
needs reworking can
be grounded in a
rediscovery of what is
