One major party in American politics, the Democrats, has consciously identified itself with underdogs. This book analyzes the relationship between the party and the main political ideology of its base: liberalism.

Addressing the contradictions surrounding modern-day femininity and its complicated relationship with feminism and postfeminism, this book examines a range of popular female and feminist icons and paradigms. It offers an innovative and forward-looking perspective on femininity and the modern female self.

This volume focuses on the 2016 Presidential campaign from a communication perspective, with each chapter considering a specific area of political campaign communication and practice. The first section includes chapters on the early candidate nomination campaigns, the nominating conventions, the debates, political advertising and new media technologies. The second section provides studies of critical topics and issues of the campaign to include chapters on candidate persona, issues of gender, wedge issues and scandal. The final section provides an overview of the election with chapters focusing on explaining the vote and impact of new campaign finance laws and regulations in the 2016 election. All the contributors are accomplished scholars in their areas of analysis. Students, scholars and general readers will find the volume offers a comprehensive overview of the historic 2016 presidential campaign.

" I ' ve never seen more information about Wonder Woman than in Wonder Woman Unbound. Tim Hanley tells us everything we ' ve never asked about Wonder Woman, . . . from her mythic Golden Age origins through her dismal Silver Age years as a lovesick romance comic character, and worse yet, when she lost her costume and powers in the late 1960s. Our favorite Amazon ' s saga becomes upbeat again with the 1970s advent of Gloria Steinem and Ms. magazine, and Lynda Carter ' s unforgettable portrayal of her on television. And it ' s all told with a dollop of humor! " —Trina Robbins, author of Pretty in Ink With her golden lasso and her bullet-deflecting bracelets, Wonder Woman is a beloved icon of female strength in a world of male superheroes. But this close look at her history portrays a complicated heroine who is more than just a female Superman. Tim Hanley explores Wonder Woman ' s lost history, delving into her comic book and its spin-offs as well as the motivations of her creators, to showcase the peculiar journey of a twentieth-century icon—from the 1940s, when her comics advocated female superiority but were also colored by bondage imagery and hidden lesbian leanings, to her resurgence as a feminist symbol in the 1970s and beyond. Tim Hanley is a comic book historian. His blog, Straitened Circumstances, discusses Wonder Woman and women in comics, and his column " Gendercrunching " runs monthly on Bleeding Cool. He lives in Halifax, Nova Scotia.

Lyombe Eko carries out an historical and cultural survey of the regulation of visual depictions of explicit human sexual conduct from their earliest appearance on the clay tablets of the valley of the Tigris and Euphrates rivers in ancient Mesopotamia, to the tablet computers of Silicon Valley. The Regulation of Sex-Themed Visual Imagery analyzes the contemporary problem of the applicability of the human right of freedom of expression to explicit imagery in the face of societal interests in the regulation of representations of human sexuality. This book will be of interest to scholars, students, and broad audiences interested in comparative studies in pornography regulation, the history of pornography, the law of pornography and obscenity, and visual culture and history alike.

Hailed by national leaders as politically diverse as former Vice President Al Gore and former House Speaker Newt Gingrich, Generations has been heralded by reviewers as a brilliant, if somewhat unsettling, reassessment of where America is heading. William Strauss and Neil Howe posit the history of America as a succession of generational biographies, beginning in 1584 and encompassing every-one through the children of today. Their bold theory is that each generation belongs to one of four types, and that these types repeat sequentially in a fixed pattern. The vision of Generations allows us to plot a recurring cycle in American history -- a cycle of spiritual awakenings and secular crises -- from the founding colonists through the present day and well into this millenium. Generations is at once a refreshing historical narrative and a thrilling intuitive leap that reorders not only our history books but also our expectations for the twenty-first century.

Each of the report's five chapters has been written by an expert with direct experience and knowledge in their specialist field. The areas covered by this Special Report are: disability, female gender issues, social mobility, trans\* inclusion and ethnicity issues.

" A classic novel of both feminism and the Civil Rights movement " in 1960s Atlanta by the Pulitzer Prize – winning author of The Color Purple (Ms.). As she approaches the end of her teen years, Meridian Hill has already married, divorced, and given birth to a son. She ' s looking for a second chance, and at a small college outside Atlanta, Georgia, in the early 1960s, Meridian discovers the civil rights movement. So fully does the cause guide her life that she ' s willing to sacrifice virtually anything to help transform the conditions of a people whose subjugation she shares. Meridian draws from Walker ' s own experiences working alongside some of the heroes of the civil rights movement, and the novel stands as a shrewd and affecting document of the dissolution of the Jim Crow South. This ebook features an illustrated biography of Alice Walker including rare photos from the author ' s personal collection.
