'Good Products, Bad Products...' was a book I won from a giveaway on Goodreads. This book was a very interesting read. I as a person who does not think about all the aspects that need to go into creating a good product, this book opened my eyes to that. The author does a nice job of explaining the many aspects of a quality product.

Good Products, Bad Products

Good Products Bad Products: Essential Elements to Achieving Superior Quality. Good Products Bad Products is a very detailed book on how to improving the quality of products not just in terms of performance and profits, but also in terms of human-fit, aesthetic, craftsmanship, and eco-friendliness. Although this book was written in the context of the industrial products, the content is still extremely useful for anyone who involved in any kind of product design and creation regardless your ...
