Practical guide for anyone planning a long-distance motorcycling trip. Choosing, preparing and equipping a motorbike, documentation and shipping, life on the road, trans-continental route outlines: Asia, Africa & Latin America. Updated and now in full colour, this best-seller has been in print for almost 30 years.

Every red-blooded motorcyclist dreams of making the Big Trip--this updated fifth edition shows them how. Choosing a bike, deciding on a destination, bike preparation, documentation and shipping, trans-continental route outlines across Africa, Asia and Latin America, and back-country riding in SW USA, NW Canada and Australia. Plus--first hand accounts of biking adventures worldwide.

An up-and-down journey. Philip Blair - accompanied by a most loyal partner, and motivated by the sense that it is the road he is appointed to take - forged a career living and working in three distinct professions in six countries of the Middle East. Along the way there are some unexpected blips as well as a few touching - occasionally amusing - moments. Through this engaging odyssey, the reader learns both about the rich - though often disturbed - history of a region that has yet to find itself, and of occasional personal experiences of ugly or unsavoury situations. Photographs, enhanced by evocative sketches by Joanna Blair, help the reader stay on board through a slightly stormy voyage.
