In its last decades, the apartheid regime was confronted with an existential threat. While internal resistance to the last whites-only government grew, mandatory international sanctions prohibited sales of strategic goods and arms to South Africa. To counter this, a global covert network of nearly fifty countries was built. In complete secrecy, allies in corporations, banks, governments and intelligence agencies across the world helped illegally supply guns and move cash in one of history's biggest money laundering schemes. Whistleblowers were assassinated and ordinary people suffered. Weaving together archival material, interviews and newly declassified documents, *Apartheid Guns and Money* exposes some of the darkest secrets of apartheid's economic crimes, their murderous consequences, and those who profited: heads of state, arms dealers, aristocrats, bankers, spies, journalists and secret lobbyists. These revelations, and the difficult questions they pose, will both allow and force the new South Africa to confront its past.

none. No one comes close." —T.S. O'Connell, editor of Sports Collector's Digest Mickey Mantle is one of the most beloved sports figures of all times. Playing brilliantly for the New York Yankees, Mantle won three American League Most Valuable Player Awards and was named to 16 All Star games. He played on 12 pennant winners and seven World Series Championship clubs with the Yankees. He still holds records for most World Series home runs, RBIs, runs, walks, extra-base hits, and total bases, all topped off by his induction in the Baseball Hall of Fame in 1974. Fifteen years after his death, his memorabilia is still the most sought after of any sports figures past or present. Mickey Mantle: Memories and Memorabilia highlights the life, memories, and memorabilia of one of American sports' all time greatest heroes. With over 600 images of fantastic photography and artwork, no book on the market captures the history, nostalgia, memories, and memorabilia of the man they call "The Mick."
