Is nature all there is? John Haught examines this question and in doing so addresses a fundamental issue in the dialogue of science with religion. The belief that nature is all there is and that no overall purpose exists in the universe is known broadly as 'naturalism'. Naturalism, in this context, denies the existence of any realities distinct from the natural world and human culture. Since the rise of science in the modern world has had so much influence on naturalism's intellectual

acceptance, the author focuses on 'scientific' naturalism and the way in which its defenders are now attempting to put a distance between contemporary thought and humanity's religious traditions. Haught seeks to provide a reasonable, scientifically informed alternative to naturalism. His approach will provide the basis for lively discussion among students, scholars, scientists, theologians and intellectually curious people in general.

Each year thousands of fiction writers, from beginners to bestselling author, benefit from Sol Stein's sold-out workshops, featured appearances at writers' conferences, software for writers, on-line columns, and his popular first book for writers, *Stein on Writing*. Stein practices what he teaches: He is the author of nine novels, including the million-copy bestseller *The Magician*, as well as editor of such major writers as James Baldwin, Jack Higgins, Elia Kazan, Budd Schulberg, W. H. Auden, and Jacques Barzun, and the teacher and editor of several current bestselling authors. What sets Stein apart is his practical approach. He provides specific techniques that speed writers

to successful publication. *How to Grow a Novel* is not just a book, but an invaluable workshop in print. It includes details and examples from Stein's editorial work with a #1 bestselling novelist as well as talented newcomers. Stein takes the reader backstage in the development of memorable characters and fascinating plots. The chapter on dialogue overflows with solutions for short-story writers, novelists, screenwriters, and playwrights. Stein shows what readers are looking for-- and what they avoid-- in the experience of reading fiction. The book offers guidelines-- and warnings-- of special value for nonfiction writers who want to move into fiction. Stein points to the little, often overlooked things that damage the writer's authority without the writer knowing it. And this book, like no other writing book, takes the reader behind the scenes of the publishing business as it affects writers of every level of experience, revealing the hard truths that are kept behind shut doors.

The chase is on - and Amelia Peabody and Co. are in the thick of it! 1922 - convinced that the tomb of the little-known King Tutankhamon lies somewhere in the Valley of the Kings, Emerson has tried to persuade his rivals Lord Carnavon and Howard Carter to hand over their digging rights in the valley to him - but they resist. So back in Luxor an incident at the hotel the clan is staying in turns their gifts for digging in another direction. Emerson and Ramses are lured into a trap by a group of villains who demand answers to the mysterious question, 'Where is he?'. Their curiosity piqued, the duo is determined to uncover who 'he' is and why 'he' should be so important.

As we see a shift of old forms that were once the foundations of our daily lives, parents--who must prepare the next generation to meet the changing world--have more questions today than ever before. Although our cultural values and family structures may change, it is the atmosphere in the home that continues to form the foundation of a child's life. In *Heaven on Earth*, parent and educator Sharifa Oppenheimer reveals how parents can make the home environment

warm, lively, loving, and consistent with their highest ideals. Heaven on Earth balances a theoretical understanding of child development with practical ideas, resources, and tips that can transform family life. Readers will learn how to create the regular life rhythms needed to establish a foundation for learning; how to design indoor play environments that allow children the broadest development of skills; and how to create outdoor play spaces that encourage vigorous movement and a wide sensory palette. Through art, storytelling, and the festival celebrations, this book is an invaluable guide to building a "family culture" based on the guiding principle of love--a culture that supports children and encourages the free development of each unique soul. Sharifa Oppenheimer offers a gift from the heart. Heaven on Earth is a practical, inspiring resource that brings the author's informed, intuitive understanding of young children into the heart of the home. "Sharifa Oppenheimer has given the world a great gift in the pages of this book. The important child-development information is exquisitely combined with the best 'How-to's' I have seen in any book for parents. Her book, is a ready guide that insures joyful, enthusiastic children who learn easily and contribute to their families and society for a lifetime. I have delighted in every page and feel this is absolutely A must read for parents, grandparents, teachers, and perhaps everyone who will ever touch the life of a child." --Carla Hannaford, Ph.D., biologist and international educational consultant to 32 countries and author of Smart Moves: Why Learning Is Not All in Your Head and Awakening the Child Heart, Handbook for Global Parenting "This delightful book will be a wonderful resource for parents. They will certainly appreciate its warm, friendly, personal, and reassuring tone. I would have loved such a book when I was a young mother! For those whose children already attend Waldorf programs, it provides a helpful resource for creating a bridge between home and kindergarten. For others, this lovely book offers wonderful glimpses into the wise and nurturing practices of Waldorf early childhood education. In a world where childhood is increasingly 'media'ted and 'adult'erated, this book offers much-needed support for the protection of childhood. " --Susan
