Introduction to Private Equity, Second Edition covers the private equity industry as a whole, putting its recent developments (such as secondary markets, crowdfunding, venture capital in emerging markets) into perspective. The book covers its organization, governance and function, then details the various segments within the industry, including Leveraged Buy-Outs, Venture Capital, Mezzanine Financing, Growth Capital, Distressed Debt, Turn-Around Capital, Funds of Funds and beyond.

Amazon.com: Introduction to Private Equity: Venture ...

5.0 out of 5 stars Good Introduction to Private Equity. Reviewed in the United States on September 30, 2013. The private equity industry is varied and fast moving and it can be difficult to find relevant and up to date books on the topic. In my experience, books in this area are either dry, specialist texts, focusing on a narrow aspect of the field, or more discursive (but less objective or factually informative) observations on deals and personalities.

Private Equity and Venture Capital

Some quip that the first private equity investment can be traced to Christopher Columbus, an undeterred young entrepreneur soliciting capital from the Spanish royalty with an overly ambitious business plan and a limited track record of success.1However, an analysis of the history of modern private equity—the industry of providing invest- ment capital to a business in exchange for a share of the profits of the recipient entity—begins in New England in the years immediately following World War II.

Introduction to Private Equity Funds

Private equity is invested in exchange for a stake in your company and, as shareholders, the investors ' returns are dependent on the growth and profitability of your business. Private equity in the UK originated in the late 18th century, when entrepreneurs found wealthy individuals to back their projects on an ad hoc basis.
