Meldert's Primo

(Venice, 1578)

has an interest

and musical

quality far

beyond what one

might guess from

the modest facts

of the author's

life and works.

The book partly

reflects the musical tastes of the court of Urbino in the final years of Duke Guidobaldo II Della Rovere (1514–74) and of the private household of his brother, Cardinal Giulio Della Rovere (1533–78). But

its structure and contents display some unusual features that can be linked to the circumstances of Meldert's life and to his own initiative in projecting and assembling his book of madrigals.

Moreover, it

offers the first
settings of then-
recent poems by
Torquato Tasso,
Giovanni

Guarini, and
Giuliano

result of the
composer's

court of Ferrara
and his ties to
the literary and
musical circle
of Antonio
Londonio, a
Milan-based
Spanish
diplomat. This
edition presents
the Primo libro
for the first
time in a modern
edition,
