created the blueprint for the Survive self-study series (1980–83, reissued 1989) for modern languages and published courses in the field of computer-assisted language learning.

Louis George Alexander - Wikipedia

Alexander's "Longman English Grammar" is among the best of its type I have seen, though not without some drawbacks. The coverage is exceptionally comprehensive, going over a large number of structures and forms that will keep most students going for a long time.
