We revisit Lipset ' s law, which posits a positive and significant relationship between income and democracy. Using dynamic and heterogeneous panel data estimation techniques, we find a significant and negative relationship between income and democracy: higher/lower incomes per capita hinder/trigger democratization.

venue for surveillance of many kinds. Emerging surveillance technologies used by governments, corporations, and even individual members of the public are reshaping the very nature of physical public space. Especially in urban environments, the ability of individuals to remain private or anonymous is being challenged.

help all parties meet the evolving demands of society. As a companion to *Embedded Formative Assessment, Second Edition* (Wiliam, 2018), this book has one main purpose: to help teachers develop the practice of formative assessment in classrooms by providing tried-and-tested classroom formative assessment techniques

and giving evidence that shows how these techniques positively impact student achievement. Grades K & 12 teachers can choose from these techniques, try them out in the classroom, and modify them to meet their specific needs. However, The Handbook for Embedded Formative Assessment can also act as a stand-alone
