The definitive biography of the MC5, with firsthand interviews.

The MC5 's 1969 live album Kick Out the Jams was a new measure of the relationship between music and cultural and political change. As the " house band " and central organizing force for the White Panther Party, which advocated an end to capitalism and supported the Black Panther Party ' s initiatives and aims, the MC5 formalized the threat, promise, and parity of music within larger societal spheres. Using the band ' s career as a case study in evaluating the relationship between rock music and social change, this book examines how the inherent rebelliousness of rock afforded both media producers and consumers a safe space in which to question social mores and ideas.

Since its release in 1971, Don McLean ' s song " American Pie " has become an indelible part of U.S. culture. It has sparked countless debates about the references within the lyrics; been celebrated as a chronicle of American life from the late 1950s through the early 1970s; and has become iconic itself as it has been remade, parodied, and referenced within numerous texts and forums. This volume offers a set of new essays that focus on the cultural and historical significance of the song. Representing a variety of perspectives and fields of study, the essays address such topics as historical and literary interpretations of the song ' s lyrics, its musical qualities, the commentary the song offers on rock and roll history, the continuing significance of the song, and the ways in which the song has been used by various writers and artists. Instructors considering this book for use in a course may request an examination copy here.

This book will show you how music can either indoctrinate or educate you, spark rebellion or patriotism, and drive you to the devil or draw you closer to God.

This one-of-a-kind reference investigates the music and the musicians that set the popular trends of the last half century in America. • Contains an alphabetical collection of entries that each profile a major group and band from the past 60 years • Provides a selected discography and bibliography for further listening and reading for each entry • Covers a wide variety of styles from classic rock to surf rock to hip hop • Features sidebar entries which tie together larger popular music concepts such as the rise and influence of MTV and the phenomenon of girl bands

Discusses the evolution of punk from its inception in 1975 to the present, delving into the lasting impact of the genre throughout society today. Listen to Punk Rock! provides readers with a fuller picture of punk rock as an inclusive genre with continuing relevance. Organized in a roughly chronological manner, it starts with an introduction that explains the musical and cultural forces that shaped the punk genre. Next, 50 entries cover important punk bands and subgenres, noting female punk bands as well as bands of color. The final part of the book discusses how punk has influenced other musical genres and popular culture. The book will give those new to the genre an overview of important bands and products related to the movement in music, including publications, fashion, and films about punk rock. Notably, it pays special attention to diversity within the genre, discussing bands often overlooked or mentioned only in passing in most histories of the movement, which focus mainly on The Sex Pistols, The Clash, and The Ramones as the pioneers of punk. Provides a thorough overview of the evolution of punk music from 1975 to the present Covers bands composed of women and people of color that are frequently overlooked in other books Introduces readers to the breadth of the genre by including as many bands, musicians, and notable songs and albums as possible as entries Contextualizes punk music in the introduction to prime readers to explore entries in any order they choose

Resonances is a compelling collection of new essays by scholars, writers and musicians, all seeking to explore and enlighten this field of study. Noise seems to stand for a lack of aesthetic grace, to alienate or distract rather than enrapture. And yet the drones of psychedelia, the racket of garage rock and punk, the thudding of rave, the feedback of shoegaze and post-rock, the bombast of thrash and metal, the clatter of jungle and the stuttering of electronica, together with notable examples of avant-garde noise art, have all found a place in the history of contemporary musics, and are recognised as representing key evolutionary moments. Noise therefore is the untold story of contemporary popular music, and in a critical exploration of noise lies the possibility of a new narrative: one that is wide-ranging, connects the popular to the underground and avant-garde, fully posits the studio as a musical instrument, and demands new critical and theoretical paradigms of those seeking to write about music.

From The Wild Angels in 1966 until its conclusion in 1972, the cycle of outlaw motorcycle films contained forty-odd formulaic examples. All but one were made by independent companies that specialized in producing exploitation movies for drive-ins, neighborhood theaters, and rundown inner city theaters. Despised by critics, but welcomed by exhibitors denied first-run films, these cheaply and quickly produced movies were made to appeal to audiences of mobile youths. The films are repetitive, formulaic, and eminently forgettable, but there is a story to tell about all of the above, and it is one worth hearing. Hoodlum Movies is not only about the films, its focus is on why and how these films were made, who they were made for, and how the cycle developed through the second half of the 1960s and came to a shuddering halt in 1972.

In Patti Smith: America ' s Punk Rock Rhapsodist, musician and historian Eric Wendell delves into the volatile mix of religious upbringing and musical and literary influences that gave shape to Smith ' s lyrics, music, and artistic output. Wendell explores how Smith ' s androgynous stage presence pulled the various societal triggers, adding a new layer of meaning to popular music performance. Songwriter and singer, performance artist and poet, Smith created work that drew together biography, history, and music into a powerful collage of an artist who shaped a generation of musicians.

The story of seminal Ann Arbor punk rock band the Stooges, told through original interviews with the band members and associates.
