This groundbreaking study systematically treats recent policymaking trends, starting with a reconsideration of salient theoretical issues of policymaking and its study and culminating with a survey of current policy-related predicaments in various countries. Dror proposes that the task for social science research is to uncover underlying causes of policymaking inadequacies. Standard research methods, Dror states, have been unable to uncover the realities of important decisions made inside governments. In order to gain an understanding of pressing predicaments, he believes that policymakers need to examine the foundations of contemporary practices of present assumptions, and that they need a multiplicity of approaches to policymaking. After prescribing a set of requirements that policymaking must satisfy in order to adequately respond to challenges, Dror posits several improvements needed in education and in policy decision making. The book concludes with an extensive bibliography, including numerous important German works not found in other English-language studies. This book supplements the earlier basic theory and models

propounded in Dror's Public Policymaking Reexamined by dealing with current trends. As a guide to public policy literature and related works, it will be invaluable to students and practitioners.

Die Romanistischen Arbeitshefte, die seit 2004 von Georgia Veldre-Gerner und Volker Noll herausgegeben werden, begleiten seit vier Jahrzehnten Studierende der Romanistik. Ihrer Konzeption nach sind die RA das Ergebnis einer Reflexion über den jeweils aktuellen Stand der Forschung mit anwendungsbezogener und studienorientierter Ausrichtung. Damit bieten sie ein solides Instrument zur Einarbeitung in unterschiedliche Gebiete der Romanischen Sprachwissenschaft und halten dazu an, das erworbene Wissen durch integrierte Übungsaufgaben praktisch nutzbar zu machen.

On January 13, 1968, Johnny Cash (1932–2003) took the stage at Folsom Prison in California. The concert and the live album, *At Folsom Prison*, propelled him to worldwide superstardom. He reached new audiences, ignited tremendous growth in the country music industry, and connected with fans in a way no other artist has before or since. *Johnny Cash at Folsom Prison: The Making of a Masterpiece, Revised and Updated* is a riveting account of that day, what led to it, and what followed. Michael Streissguth skillfully places the album and the concert in the larger context of Cash's artistic development, the era's popular music, and California's prison system, uncovering new angles and exploding a few myths along the way. Scrupulously researched, rich with the author's unprecedented archival access to Folsom Prison's and

Columbia Records's archives, Johnny Cash at Folsom Prison shows how Cash forever became a champion of the downtrodden, as well as one of the more enduring forces in American music. This revised edition includes new images and updates throughout the volume, including previously unpublished material.

A wide-ranging and up-to-date review of permafrost science, unique in presenting the Russian viewpoint. This English edition brings the standard Russian work on geocryology to a larger readership, allowing the value of the knowledge and concepts developed to be realised more widely.

society, and state (Streeck, 1999; Simonis, 1998). Interspersed between these most commonly named elements are the following: First, the high political integrating force of the German Model after WWII was based on the adoption and transformation of corporatist political structures from National Socialist Germany. Liberal capitalism was (re)introduced under political competition between Christian Democrats and Social Democrats, who eventually found common ground in the politically mediated compromise between capital and labor: "This compromise was negotiated and institutionalized at a time when the communist wing of the workers movement and the authoritarian voices of German capital" for various reasons "were excluded from political participation" (Streeck, 1999, p. 15; translation: SB). The partnership between firms and unions manifested itself in manifold institutional structures. Apart from the social partners' autonomy in matters of wage policy, worker codetermination at plant level and in operations is regarded as one of the special achievements of the German Model and has contributed substantially to social peace. The political coordination forms of concerted action, round tables, as well

as modernization and crisis cartels gave birth to a highly complex political decision-making structure which, based on a federalist setup, has rightly been called "negotiation state" (Esser, 1998, p. 123). Second, the material foundation of this "Social Democratic class compromise" (Buci-Glucksmann & Therborn, 1981) consisted in the Federal Republic's "in the words of Göste Esping-Andersen "conservative-liberal" form of welfare state.
