Coagulation and Flocculation in Water and Wastewater Treatment provides a comprehensive account of coagulation and flocculation techniques and technologies in a single volume covering theoretical principles to practical applications. Thoroughly revised and updated since the 1st Edition it has been progressively modified and increased in scope to cater for the requirements of practitioners involved with water and wastewater treatment. A thorough gamut of treatment scenarios is attempted, including turbidity, color and organics removal, including the technical aspects of enhanced coagulation. The effects of temperature and ionic content are described as well as the removal of specific substances such as arsenic and phosphorus. Chemical phosphorus removal is dealt with in detail, Rapid mixing for efficient coagulant utilization, and flocculation are dealt with in specific chapters. Water treatment plant waste sludge disposal is dealt with in considerable detail, in an Appendix devoted to this subject. Invaluble for water scientists, engineers and students of this field, Coagulation and Flocculation in Water and Wastewater Treatment is a convenient reference handbook in the form of numerous examples and appended information.

This courseshould be taken by every prospective seafarer. It covers training in personal survival techniques and is based on the provisions of table A-VI/1-1 of the STCW Code.

How Cool Are Penguins is a book that will introduce young children to the world of penguins. It is written and illustrated in a fun and informative way that will entertain both the young and the young at heart.

Plant Factory Using Artificial Light: Adapting to Environmental Disruption and Clues to Agricultural Innovation features interdisciplinary scientific advances as well as cutting-edge technologies applicable to plant growth in plant factories using artificial light. The book details the implementation of photocatalytic methods that ensure the safe and sustainable production of vegetables at low cost and on a commercial scale, regardless of adverse natural or manmade influences such as global warming, climate change, pollution, or other potentially damaging circumstances. Plant Factory Using Artificial Light is an essential resource for academic and industry researchers in chemistry, chemical/mechanical/materials engineering, chemistry, agriculture, and life/environmental/food sciences concerned with plant factories. Presents an interdisciplinary approach to advanced plant growth technologies Features methods for reducing electric energy costs in plant factories and increasing LED efficiency Considers commercial scale operation

This beautiful, sleek, stylish 8.5x11 inch soft cover paperback marble notebook features a letter L monogram for those whose name starts with the initial L. The monogram is written in a flowy, fancy, cursive font, and is set on on a faux gray & white marble classic background. A pretty watercolor flower design print decorates the cover with blue and pink flowers, and green leaves & foliage, to complete the natural nature inspired design. Classy & elegant, this marble journal is inspired by both timeless, traditional classic luxurious styles where marble is often associated with luxury, and it is also inspired by minimalistic clean contemporary modern fashion. It's inspired by this mixed with inspiration from the pretty boho floral style.The interior of this gorgeous, feminine, floral flowery grey marbled composition notebook contains lined / Medium Ruled / College-ruled paper, with 120 pages, and the pages are perfect bound.A cute, classically glamorous, classy, trendy, girly, sophisticated, chic and beautiful diary, notepad or field book for use at work, in the office, at school, college, university, home or anywhere you desire.
