Women's writing in Cameroon has so far been dominated by Francophone writers. The short stories in this collection represent the yearnings and vision of an Anglophone woman, who writes both as a Cameroonian and as a woman whose life has been shaped by the minority status her people occupy within the nation-state. The stories in *Your Madness, Not Mine* are about postcolonial Cameroon, but especially about Cameroonian women, who probe their day-to-day experiences of survival and empowerment as they deal with gender oppression: from patriarchal expectations to the malaise of maldevelopment, unemployment, and the attraction of the West for young Cameroonians. Makuchi has given us powerful portraits of the people of postcolonial Africa in the so-called global village who too often go unseen and unheard.

Provides a steadfast review for the dental assisting student preparing for course review, local or state exams, or national certification. Three comprehensive tests are included in the format, all common to national exams for dental assistants. Tests are divided into the following categories: General Chairside (360 questions total/120 questions per test); Radiation Health and Safety (300 questions total/100 questions per test); Infection Control (300 questions total/100 questions

per test). For added convenience, each question is repeated in the answer key with the rationale for the correct choice so the results can be checked.-- From the preface.

This review book comprehensively covers most aspects of the Objective Structured Clinical Examination (OSCE). Each chapter provides a meticulous overview of a topic featured in the OSCE, including general surgery, pediatrics, psychiatry, obstetrics and gynecology, gastroenterology, geriatrics, hematology, and ethics. Common scenarios for each topic are featured in every chapter, accompanied by instructions and tips on how to take a patient's history, diagnose a patient, discuss treatment options, and address patient concerns under each scenario. Possible areas of difficulty, common candidate mistakes made, and important differential diagnosis are outlined in each chapter. The text is also supplemented with check-lists, photographs, and tables for enhanced readability and ease of use. Written by experts in their respective fields, The Objective Structured Clinical Examination Review is a valuable resource for medical students and residents preparing for the OSCE.

Kaplan is proud to release this completely up-to-date, full-color edition of NBDE Part II Lecture Notes. Content is presented in a bulleted, outline format for easier reading and review. Each chapter includes learning objectives to focus your study, board-style Q&A to test your knowledge, and boxed key concepts for easier highlighting. As the board exam becomes increasingly difficult and pass rates decline, more comprehensive, targeted review is needed for a stellar score. NBDE Part II thoroughly covers all major exam disciplines to effectively strengthen your skills, and target and improve areas of weakness. The subjects covered include: * Endodontics * Operative Dentistry * Oral Diagnosis * Pedodontics * Periodontics * Pharmacology * Prosthodontics * ...and more!
