The Falcons of Fire and Ice by Karen Maitland, author of the hugely popular Company of Liars, is a powerful historical thriller which takes you right back to the darkest corners of the 16th century. Intelligently written and meticulously researched, it is a real treat for all fans of CJ Sansom and Umberto Eco's The Name of the Rose. 'A tour de force: dark and woven with the supernatural' Daily Mail 1564, Lisbon. The Inquisition displays its power and ruthlessly spreads fear. Heretics are tortured and burned. Any who oppose the Church's will realize that silence is preferable to a slow and agonizing death. Isabela, daughter of the Falconer at the Royal Court, is about to be caught in the Church's terrifying schemes. The slaughter of two of the King's precious white falcons sees her father arrested and imprisoned. As punishment he and his family will be killed unless the birds are replaced. Isabela, young and headstrong, decides that only she can save her father. These birds are impossibly rare, and she will have to travel far and into strange lands to find them to clear her father's name. It is a journey that will take her into a dark and dangerous world filled with menacing people driven by fearful beliefs. And, unfortunately for Isabela, the Church has sent a companion to ensure she never returns . . . Step back in time with Karen Maitland's Dark Tales and discover a world full of imagination in The Falcons of Fire and Ice - 'a thrilling horrible vision of the Dark Ages' Metro Karen Maitland travelled and worked in many parts of the United Kingdom before finally settling in the beautiful medieval city of Lincoln. She is the author of The White Room, Company of Liars, The Owl Killersand The Gallows Curse. The latter three titles are available as Penguin paperbacks.

The SPSS Survival Manual throws a lifeline to students and researchers grappling with this powerful data analysis software. In her bestselling guide, Julie Pallant guides you through the entire research process, helping you choose the right data analysis technique for your project. From the formulation of research questions, to the design of the study and analysis of data, to reporting the results, Julie discusses basic and advanced statistical techniques. She outlines each technique clearly, with step-by-step procedures for performing the analysis, a detailed guide to interpreting data output and an example of how to present the results in a report. For both beginners and experienced users in psychology, sociology, health sciences, medicine, education, business and related disciplines, the SPSS Survival Manual is an essential text. Illustrated with screen grabs, examples of output and tips, it is supported by a website with sample data and guidelines on report writing. This sixth edition is fully revised and updated to accommodate changes to IBM SPSS procedures, screens and output. It covers new SPSS tools for generating graphs and non-parametric statistics, importing data, and calculating dates.

Since 1958 the Maritime Administration has continuously conducted instructions in use of collision avoidance radar for qualified U.S. seafaring personnel and representatives of interested Federal and State Agencies.Beginning in 1963, to facilitate the expansion of training capabilities and at the same time to provide the most modern techniques in training methods, radar simulators were installed in Maritime Administration's three region schools.It soon became apparent that to properly instruct the trainees, even with the advanced equipment, a standardize up-to-date instruction manual was needed. The first manual was later revised to serve both as a classroom textbook and as an onboard reference handbook.This newly updated manual, the fourth revision, in keeping with Maritime Administration policy, has been restructured to include improved and more effective methods of plotting techniques for use in Ocean, Great Lakes, Coastwise and Inland Waters navigation.Robert J. BlackwellAssistant Secretary for Maritime Affairs

'The Education System in Malawi', an Education Country Status Report (CSR), is a detailed analysis of the current status of the education sector in Malawi, the results of which have been validated by the government of Malawi. Its main purpose is to enable decision makers to orient national policy on the basis of a factual diagnosis of the overall education sector and to provide relevant analytical information for the dialogue between the government and development partners. The analysis incorporates data and information from multiple sources, such as school administrative surveys by the Ministry of Education, household surveys, and a tracer survey created especially for this study. This CSR, developed by a multi-ministerial national team supported by UNESCO P le de Dakar, the World Bank, and GTZ specialists, updates the previous one drawn up in 2003 and consists of eight chapters, including a chapter on higher education. The analysis provides key monitoring and evaluation inputs for the overall education sector, particularly under the framework of the implementation of the National Education Sector Plan.
