The Importance of Ethics in Change Management

An organizational code of ethics is a policy statement that binds employees to a set of organization wide value and ethical standards. This code will make employees hold themselves and other...

Ethics and Organizational Change Management

If the organization's leadership has a code of conduct and ethical expectations, they become an organization joke if the leaders fail to live up to their published code. Leaders that exhibit ethical behavior powerfully influence the actions of others.

Do You Know Your Leadership Values and Practice Ethically?

Acces PDF Organizational Change Leadership And Ethics Leading

In reality, however, organizations have found it extremely difficult to promote successful, ethical behaviour as this rarely results in short-term gains which can be appraised and rewarded. By and Burnes bring together leading international scholars in the fields of organizational change and leadership to explore and understand the context, theory and successful promotion of ethical behaviour in organizations.
