In 1933, when she is ten, Berliner Inge Deutschkron learns that she is a Jew. At first her family is at greater risk for their leftist politics than because they are Jews. Her father flees to England; Inge and her mother hide in plain sight as non-Jews, dependent on the underground network for their survival, in constant danger of discovery or betrayal. Otto Weidt employed Inge in the office of his workshop for the blind. Toward the end of the war, Inge and her mother manage to leave Berlin, and eventually emigrate to England. Inge Deutschkron became an Israeli citizen and an editor of Maariv. "One of the greatest successes of German memoir literature" – Andreas

Platthaus, Frankfurter Allgemeine "... invaluable as testimony of the war years of one of Berlin's 12,000 surviving Jews." – Kirkus Reviews
"[A] simple and charming memoir by a Jewish woman of how she survived as a girl in her late teens in wartime Berlin... Unsentimental, resilient and aware that luck can make all the difference, Inge Deutschkron... has remained a true Berliner." – István Deák, The New York Review of Books

István Deák is one of the world's most knowledgeable and clearheaded authorities on the Second World War, and for decades his commentary has been among the most illuminating and influential contributions to the vast discourse on the politics, history, and scholarship of the period. Writing chiefly for the New York Review of Books and the New Republic, Deák has crafted review essays that cover the breadth and depth of the huge literature on this ominous moment in European history when the survival of democracy and human decency were at stake. Collected here for the first time, these articles chart changing reactions and analyses by the regimes and populations of Europe and reveal how postwar governments, historians, and ordinary citizens attempt to come to terms with or to evade the realities of the Holocaust, war, fascism, and resistance movements. They track the acts of scoundrels and the collusion of ordinary citizens in the so-called Final Solution but also show how others in authority and on the street heroically opposed the evil of the day. With its depth, conciseness, and interpretive power, this collection allows readers to consider more clearly and completely than ever before what has been said, how thought has shifted, and what we have learned about these momentous, world-changing events.

A heart-stopping survivor story and brilliant historical investigation that offers unprecedented insight into daily life in the Third Reich and the Holocaust and the powers and pitfalls of memory. At the outbreak of World War II, Marianne Strauss, the sheltered daughter of well-to-do German Jews, was an ordinary girl, concerned with studies, friends, and romance. Almost overnight she was transformed into a woman of spirit and defiance, a fighter who, when the Gestapo came for her family, seized the moment and went underground. On the run for two years, Marianne traveled across Nazi Germany without papers, aided by a remarkable resistance organization, previously unknown and unsung. Drawing on an astonishing cache of documents as well as interviews on three continents, historian Mark Roseman reconstructs Marianne's odyssey and reveals aspects of life in the Third Reich long hidden from view. As Roseman excavates the past, he also puts forward a new and sympathetic interpretation of the troubling discrepancies between fact and recollection that so often cloud survivors' accounts. A detective story, a love story, a story of great courage and survival under the harshest conditions, *A Past in Hiding* is also a poignant investigation into the nature of memory, authenticity, and truth.

This collection of essays by international specialists in the

Get Free Outcast Jewish Wartime Berlin Deutschkron

literature of Berlin provides a lively and stimulating account of writing in and about the city in the modern period. The first eight chapters chart key chronological developments from 1750 to the present day, while subsequent chapters focus on Berlin drama and poetry in the twentieth century and explore a set of key identity questions: ethnicity/migration, gender (writing by women), and sexuality (queer writing). Each chapter provides an informative overview along with closer readings of exemplary texts. The volume is designed to be accessible for readers seeking an introduction to the literature of Berlin, while also providing new perspectives for those already familiar with the topic. With a particular focus on the turbulent twentieth century, the account of Berlin's literary production is set against broader cultural and political developments in one of the most fascinating of global cities.

Provides a cutting-edge, nuanced, and multi-disciplinary picture of the Holocaust from local, transnational, continental, and global perspectives Holocaust Studies is a dynamic field that encompasses discussions on human behavior, extremity, and moral action. A diverse range of disciplines - history, philosophy, literature, social psychology, anthropology, geography, amongst others - continue to make important contributions to its scholarship. A Companion to the Holocaust provides exciting commentaries on current and emerging debates and identifies new connections for research. The text incorporates new language, geographies, and approaches to address the precursors of the Holocaust and examine its global consequences. A team of international contributors provides insightful and sophisticated analyses of current trends in Holocaust research that go far beyond common conceptions of the Holocaust's causes, unfolding and impact. Scholars draw on their original research to interpret current, agenda-setting historical and historiographical debates on the Holocaust. Six broad sections cover wide-ranging topics such as new debates about Nazi perpetrators, arguments about the causes and places of persecution of Jews in Germany and Europe, and Jewish and non-Jewish responses to it, the use of forced labor in the German war economy, representations of the Holocaust witness, and many others. A masterful framing chapter sets the direction and tone of each section's themes. Comprising over thirty essays, this important addition to Holocaust studies: Offers a remarkable compendium of systematic, comparative, and precise analyses Covers areas and topics not included in any other companion of its type Examines the ongoing cultural, social, and political legacies of the Holocaust Includes discussions on non-European and non-Western geographies, inter-ethnic tensions, and violence A Companion to the Holocaust is an essential resource for students and scholars of European, German, genocide, colonial and Jewish history, as well as those in the general humanities.

This book offers to academic and general public readers timely reflections about our relationships to violence. Taking cues from the

self-reflexivity, themes, and subject matters of Holocaust, queer, and Black studies, this large group of diverse intellectuals wrestles with questions that connect past, present and future: where do I stand in relation to violence? What is my attitude toward that adjacency? Whose story gets to be told by whom? What story do I take this image to be telling? How do I co-witness to another's suffering? How do I honor the agency and resilience of family members or historical personages? How do past violence and injustice connect to the present? In smart, self-conscious, passionate, and often painfully beautiful prose, cultural practitioners, historians and cultural studies scholars such as Angelika Bammer, Doris Bergen, Ann Cvetkovich, Marianne Hirsch, Priscilla Layne, Mark Roseman, Leo Spitzer, Susan R. Suleiman and Viktor Witkowski explore such questions, inviting readers to do the same. By making available compelling examples of thinkers performing their own work within the cauldron of crises that came to a boil in 2020 and continued into the next year, this volume proposes strategies for moving forward with hope.

Bosmajian explores children's texts that have either a Holocaust survivor or a former member of the Hitler Youth as a protagonist.

Days of Sorrow and Pain, winner of the 1979 Pulitzer Prize in Biography, tells the story of Germany's Jews under the Nazis and of one man's valiant efforts to help them meet the horrors of the Hitler regime. Leonard Baker explores the disintegration of German society, the plight of German Jews and the philosophy of Leo Baeck which enabled him to guide his people in their struggle for survival. After Hitler came to power, German Jews formed the Reichsvertretung with Leo Baeck at its head. As Berlin's leading Rabbi and one of the foremost Jewish theologians in the world, Baeck was the rallying point for all Jewish factions. He dealt secretly with emissaries from abroad to arrange for Jews to emigrate and saw to it that Jewish children received a religious education. Young men were trained for the rabbinate in Berlin as late as 1942. Leo Baeck chose to remain in Germany as long as there were still Jews there. He was arrested five times, once after writing a prayer to be read in all German synagogues reminding Jews that even "in this day of sorrow and pain," they bowed only before God and never before man. After his last arrest in 1943 at the age of 69, Rabbi Baeck was sent to Theresienstadt where he hauled trash carts by day, and organized educational programs for his fellow inmates at night, consoling them, becoming one of their strengths. After the war, having survived the Holocaust, Baeck never sought revenge, but worked for reconciliation between Germans and Jews. He became a world leader of liberal Judaism and never doubted the ultimate triumph of good over evil nor underestimated the responsibility of the individual to bring about that triumph. "Only now, more than twenty years after Baeck's death, has Leonard Baker, a writer on American political history, given us a full life story. Drawing on nearly a hundred interviews with persons who knew Baeck and supplementing these with a rich variety of printed and archival

sources, he has succeeded in fashioning an intriguing portrait of the rabbi-scholar called upon to assume leadership in a time of crisis. The inherent drama of the subject together with Baker's practiced writing skill has made for a book of broad popular interest. It has even been awarded the Pulitzer Prize for biography." – Michael A. Meyer, *American Jewish History* "There are several outstanding reasons why this book was awarded the Pulitzer Prize in biography. The evidence of extensive research and scholarship exists in one of the most complete oral and written bibliographies that is presently available on contemporary German Jewry. Baker's writing style, journalistic at times, is free from conventional pedantry, but is satisfying enough for even the most stodgy academe. Furthermore, the historical flow of the text leaves little doubt that this is one serious author... Rabbi Baeck is shown as both the German as a Jew and the Jew as a German. Writing with an obvious appreciation for the role of the Jews in modern German history, Baker explains Baeck in the context of Reform Judaism..." – Michael W. Rubinoff, *German Studies Review* "Baker has written a marvelous account of Baeck's long and remarkable life." – Lew's Author Blog "Baker tells Baeck's story in relation to the history of the German Jews down to his death as an expatriate in England in the 1950s... Baker's narrative is scholarly and simple in tone, as it should be; and although chiefly a study in Jewish history, it is also a study in historical tragedy and moral will..." – Kirkus Reviews

After the Nazis took power, Heppner, a member of a privileged middle-class German Jewish family, suffered from constant anti-Semitism. But Kristallnacht, in November 1938, introduced a new level of Nazi horror: Heppner and his mother used the family's resources to escape to Shanghai, the only city in the world that did not require a visa. Heppner was taken aback by experiences on the ocean liner that took him and other refugees to Shanghai: he was embarrassed and confounded when Egyptian Jews offered worn clothing to the Jewish passengers, he resented the edicts against Jewish passengers disembarking in any ports on the way, and he was unprepared for the poverty and cultural dislocation of the great city of Shanghai. But being self-reliant, energetic, and clever, Heppner found niches for his skills that enabled him to survive in a precarious fashion in Shanghai's ghetto. In 1945, after the liberation of China, Heppner found a responsible position with the American forces in Nanjing. He and his wife, a fellow refugee he had met and married in Shanghai, arrived in the United States in 1947 with only eleven dollars but boundless hope and energy. "This inspiring memoir is a story of survival... The unique and traumatic experiences of tens of thousands of Jews who managed to escape for the 'temporary' haven of Shanghai are described with objectivity and clarity." – Leonard H. D. Gordon, *Shofar* "The author describes in detail the sights and sounds of his adopted environment, the mingling of Jews and many nationalities, the choking stench and the humidity, the decadent, exotic underworld of criminals and beggars, the terror of air raids and Japanese guards, the rampant

Get Free Outcast Jewish Wartime Berlin Deutschkron

poverty and disease. The general tone, however, is positive, even inspiring, and behind all the experiences lurks a sense of adventure and simple good luck." – Association of Jewish Libraries Newsletter "A fascinating and moving memoir that begins with [Heppner's] childhood in Nazi Germany and moves briskly from one compelling scene to the next." – Forward "Ernest G. Heppner's Shanghai Refuge fills in the fragments... of this little-known Jewish community... His story is an odd mixture of defiance, courage, endurance and survival. His experience [is] fascinating." – Michael Berenbaum, Director, U.S. Holocaust Research Institute "An important addition to the historical record of World War II, an autobiography of a remarkable man's formative years, and a testimony to the power of community and human perseverance." – Indianapolis Star "Heppner's descriptions... ring true and carry conviction, especially when he recalls in evocative detail his day-to-day experiences in Nazi Germany. Similarly, his recollection of Shanghai, with its small, telling details of privations, indignities, anxieties, and horrors make maximum impact—from the rat in the bakery that he lifted up by its tail to the carnage following an American air raid." – Bernard Wasserstein, author of *The Secret Lives of Trebitsch Lincoln*

From the seventeenth century until the Holocaust, Germany's Jews lurched between progress and setback, between fortune and terrible misfortune. German society shunned Jews in the eighteenth century and opened unevenly to them in the nineteenth and early twentieth centuries, only to turn murderous in the Nazi era. By examining the everyday lives of ordinary Jews, this book portrays the drama of German-Jewish history -- the gradual ascent of Jews from impoverished outcasts to comfortable bourgeois citizens and then their dramatic descent into genocidal torment during the Nazi years. Building on social, economic, religious, and political history, it focuses on the qualitative aspects of ordinary life -- emotions, subjective impressions, and quotidian perceptions. How did ordinary Jews and their families make sense of their world? How did they construe changes brought about by industrialization? How did they make decisions to enter new professions or stick with the old, juggle traditional mores with contemporary ways? The Jewish adoption of secular, modern European culture and the struggle for legal equality exacted profound costs, both material and psychological. Even in the heady years of progress, a basic insecurity informed German-Jewish life. Jewish successes existed alongside an antisemitism that persisted as a frightful leitmotif throughout German-Jewish history. And yet the history that emerges from these pages belies simplistic interpretations that German antisemitism followed a straight path from Luther to Hitler. Neither Germans nor Jews can be typecast in their roles vis à vis one another. Non-Jews were not uniformly antisemitic but exhibited a wide range of attitudes towards Jews. Jewish daily life thus provides another vantage point from which to study the social life of Germany. Focusing on both internal Jewish life -- family, religion, culture and Jewish community -- and the external

world of German culture and society provides a uniquely well-rounded portrait of a world defined by the shifting sands of inclusion and exclusion.
