"Deatham Hard" by Lucas Malet. Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. From well-known classics & literary fiction and non-fiction to forgotten'or yet undiscovered gems'of world literature, we issue the books that need to be read. Each Good Press edition has been meticulously edited and formatted to boost readability for all e-readers and devices. Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format.

Statistical information on tourism's multiple facets is pivotal in advancing knowledge of the sector, monitoring progress, promoting results-focused management, and highlighting strategic issues for policy decisions. Deriving from the most comprehensive statistical database available on the tourism sector, the Compendium of Tourism Statistics provides statistical data and indicators on inbound, outbound and domestic tourism, as well as on the number and types of tourism industries, the number of employees by tourism industries, and macroeconomic indicators related to international tourism. The 2014 edition presents data for 203 countries from 2008 to 2012, with methodological notes in English, French and Spanish.

Perfection. One word. Three syllables. Every reason why I'll never have the one thing I truly want. I stand dutifully on the pedestal he's built, waiting for the day he truly sees me. Then one amazing night, he lets down his walls, only to leave me the next day. Years have passed, and I've tried to move on with my life. But I still dream of him. I still miss him everyday. The memories haunt me. How can I look to the future when my past remains a mystery? The time has come to find the boy who stole my heart and ran away without a word. But not everyone who is lost wants to be found. My name is Alexandra Fontaine, and this is my story of unfinished love. Wings Over Poppies is book #2 in the Over series and can be read as a standalone novel. ****Warning**** This is a new adult romance. It is not intended for readers under the age of 18.

In 1592, Donata is a noble girl living in a palazzo on the Grand Canal. Girls of her class receive no education and rarely leave the palazzo. In a noble family, only one daughter and one son will be allowed to marry; Donata, like all younger daughters, will be sent to a convent. Donata longs to be tutored like her brothers and to see the Venice she has glimpsed only on the map. What is the world beyond her balcony, beyond what she sees when she glides, veiled, in a gondola down the canal? She dresses as a boy and escapes the palazzo on the Grand Canal to see the world before she is shut away, and to try to find a way to escape her fate. Donata risks everything; she changes her life, and her family's life, forever when she walks through the door and encounters a Venice she never knew existed.

His hand trapped in the door of a speeding car, a man struggles to remain upright as he's dragged along a deserted stretch of mountain road. It's the perfect place to drive a man to his grave - literally. Starting with a crime so gruesome even prowling coyotes keep their distance, a killer begins crisscrossing the southern states on a spree of grisly murders. A hundred miles away, Ali Reynolds is grieving. The newscasting job she once delighted in is gone and so is the philandering husband she loved and thought she knew. When a member of the family who gave Ali a generous scholarship for her education decades earlier suddenly requests a meeting, Ali wonders what it can mean. But before she can satisfy her curiosity, she receives another startling call: a friend's teenage daughter has disappeared. Ali offers to help but, in doing so, she unknowingly begins a quest that will reveal a deadly ring of secrets, at the centre of which stand two underdiscriminating killers.

This handbook is the first to provide a conceptual framework and rationale—based on scientific, theoretical, and empirical evidence—for combining cognitive behavior therapy with hypnotherapy in treating clinical depression. The conceptual framework—the Circular Feedback Model of Depression—allows clinicians to adopt an evidence-based practice in psychotherapy, integrating the best research with clinical expertise in the context of patient characteristics, culture, and preferences. The book offers detailed guidance in applying empirically supported principles of psychological assessment, treatment protocols, therapeutic relationship, and intervention.

There are only two people in the world that I truly hate. One of them is unpacking his toothbrush in my bathroom, and the other one is texting me to find out what color my panties are. Pathetic, I know. I'm a romance novelist caught between the man I used to love, and the one who wants to destroy my career. Well - maybe "destroy" is too strong of a word. But there's still no excuse for why I started a secret cyber-affair with a snarky reviewer who likes to rip my books apart. Yes, he's mysterious, and yes, he has a silver tongue, but I can't keep doing this. I have to focus on my fake relationship, with my "real" ex, all in the name of fooling my family. They think I've found the love of my life, and I'm determined not to let them find out the truth. That I lied. That my "dream guy" is really a selfish dirtbag who broke my heart. That the closest thing I have to a soulmate is a stranger on the internet, who's happy to sext me while believing I'm in a committed relationship. It all started with five little words. Based on a true story...

The word superfood is everywhere these days, but which of the many hyped foodstuffs should you really change your diet to include? In this collection of her National Post columns on foods ranging from quinoa to sardines, dietician Jennifer Sygo offers clear, realistic advice on what to eat and what to avoid at the grocery store.
