\* A classic story retold and illustrated for a new generation of readers

Are you known to strike like a thunderbolt when things don't go your way? Are you fortunate enough to have the Midas touch? Have you ever been struck by Cupid's arrow? Classically derived expressions are commonly used in our everyday language, yet many of us have little knowledge of the Greek and Roman influences that inspired them. With Opening Pandora's Box you'll discover the fascinating stories behind familiar phrases like Achilles' Heel, a Nemesis, To Fly too Close to the Sun, and more. For example, did you know that... The lifesaving operation known as the Caesarean section is so named because Julius Caesar was delivered by being cut out of his mother's womb? The original labyrinth was built on the orders of King Minos of Crete after Aphrodite cursed his wife to fall in love with a bull and produce a monstrous baby? The king locked the baby in a maze so complicated and tangled that, once in, he would never emerge. The word cereal is derived from the Italian corn goddess Ceres?Pry open the lid of the English language to find the secrets behind classical phrases we use every day.

Did you know what happened to Arachne when she dared challenge Athens to her loom? And what happened to Prometheus when he stole the fire from Zeus? And the pirates who dared kidnap Dionysus? What happened to them? Is it true, then, that Callisto was transformed first into a bear and then into a constellation? How many incredible stories! You can read them all in " Illustrated Greek Myths for Children " a book that tells the most famous and beautiful myths of Ancient Greece, presented in a simple and practical version, adapted for the youngest readings. Along with the illustrations of Elisabetta Gaita, the stories take us into the extraordinary world of the Ancient Greek Gods, letting us know about all their strengths but, more than anything, all their whims! Ready to start? Hurry, the Ancient Greece is waiting for us!!!Fixed ePub Layout version (1024 px x 768 px).

Who is Nyx? What is Gaia? Why are myths so important in our lives? Myths are a rich source of history. People use them to make sense of our world. Even before myths were written down, people told and retold the stories of the gods and goddesses of their homeland. Readers of Greek Mythology will learn the history of myths, as well as their deeper meaning. From the powerful Zeus to the beautiful Persephone, this book helps kids understand the myths that shape and direct people's lives. Abdo & Daughters is an imprint of Abdo Publishing, a division of ABDO.

King Midas's greatest wish is to be the richest king in the land, but when his wish is granted, he realises it isn't his heart's desire after all. But is it too late to change? And Pandora's excessive curiosity causes trouble beyond her worst nightmares. This set of accessible Greek Myth retellings has clear type is well-illustrated.

A unique introduction to Greek mythology in the form of a hinged box containing an assortment of colorful items--marvels of paper engineering--includes a pop-up Trojan horse, a Hercules board game, a booklet, and much more. BOMC & QPB.

This exciting new book explores the relationship between cultural traditions and computers, looking at how people from very different cultures and backgrounds communicate and how the use of information technologies can support and enhance these dialogues. Historically we developed our understanding of other cultures through traditional means (museums, printed literature, etc.) but the advent of information technologies has allowed us access to a plethora of material. Tosa asks the question " Can we understand other cultures using computers as media to supplement thinking and memorization? " Starting with a survey of art and technology, moving into the area of culture and technology, the book culminates with a vision of a new world based on an understanding of these relationships, allowing cultural creators and viewers the opportunity to reach a better and more profound understanding of the role information technology will play going forward.

Presents a graphic adaptaton of the legend of Pandora.

The authors combine factual information on both astronomy and native American culture with authentic tales and myths about constellations told by many American Indian tribes. Reprint.

The Odyssey is considered to be the most beautiful literary work of the Western civilization, and Homer the first and the greatest poet ever. The book Demytifying the Odyssey is interpreting Homer's epic in a unique and completely new way. For the first time in literature, this book explains the events and phenomena that Odysseus saw and experienced, and which were considered so far as a result of the Poet's rich imagination. So, this book reveals how Odysseus went to Hades kingdom of the dead souls; what are in reality Scylla and Charybdis; who were the sirens; how the Island of Aeolus', the ruler of the winds, actually floated; how Circa turned Odysseus's sailors into pigs and other. Besides that, this book also reveals the fallacy two and a half millennia long, dating back from the first historians Herodotus and Thucydides, according to which Odysseus was wandering the Mediterranean sea. It further provides numerous proofs that Homer's hero was actually wandering the Adriatic. For all those readers who are familiar with the ancient Greek literature this book will be great news and quite a surprise. On the other hand, for those who have not been quite aware of the old Greek world it will provide great knowledge on the first European civilization. In any case, this will surely be an interesting reading for all of them.
