Happier Than A Billionaire: The Sequel continues the journey of one couple's adventures in Costa Rica. Follow the author and her husband as they move to the beach to build their dream home. Although the seafood is fresh and the sunsets are golden, it doesn't take long for Nadine to find that this process won't come easy, even when living in one of the prettiest places on earth. In the midst of it all, Nadine entertains her parents and mother-in-law, kayaks crocodile-infested waters, and obsesses over howler monkeys that reside above her neighbor's house. She also discovers that not all dreams come in the form of brick and mortar. Some appear after taking a chance when all odds are against you.

Joy Aitman explains all the basic techniques of scrapbooking and shows you how to create beautiful layouts using holiday photographs, a school photograph and a wedding picture. Cropping is one of the basics of scrapbooking and Sarah McKenna shows how to use dozens of techniques such as slicing, silhouetting, montage and mosaics to enhance your pages. Sarah then shows how eyelets can be used to attach vellu, acetate and fabric to your pages, to add embellishments and accents and to provide emphasis and detail. Clear step-by-step demonstrations are accompanied by over a hundred wonderful layouts to inspire you.

The main driver of inequality—returns on capital that exceed the rate of economic growth—is again threatening to generate extreme discontent and undermine democratic values. Thomas Piketty ' s findings in this ambitious, original, rigorous work will transform debate and set the agenda for the next generation of thought about wealth and inequality.

Recounts the story of Janet McDonald, who grew up in the New York projects and graduated from Vassar College, Columbia University Graduate School of Journalism, and New York University School of Law, before becoming a lawyer in Paris.

This book offers a highly accessible introduction to natural language processing, the field that supports a variety of language technologies, from predictive text and email filtering to automatic summarization and translation. With it, you'll learn how to write Python programs that work with large collections of unstructured text. You'll access richly annotated datasets using a comprehensive range of linguistic data structures, and you'll understand the main algorithms for analyzing the content and structure of written communication. Packed with examples and exercises, Natural Language Processing with Python will help you: Extract information from unstructured text, either to guess the topic or identify "named entities" Analyze linguistic structure in text, including parsing and semantic analysis Access popular linguistic databases, including WordNet and treebanks Integrate techniques drawn from fields as diverse as linguistics and artificial intelligence This book will help you gain practical skills in natural language processing using the Python programming language and the Natural Language Toolkit (NLTK) open source library. If you're interested in developing web applications, analyzing multilingual news sources, or documenting endangered languages -- or if you're simply curious to have a programmer's perspective on how human language works -- you'll find Natural Language Processing with Python both fascinating and immensely useful.

Scrapbooking 101 Scrapbooking is a fun activity that anyone can do. It is the use of hodge podge of items to create a story in an album. It is similar to keeping a photo album but the best thing about scrapbooking is that it tells stories. This hobby has been around for a long time and while it is popular among many women during the 18th century, nowadays even men participate at scrapbooking. This activity is a great way to exercise your creativity as well as patience. Contrary to what most people believe in, scrapbooking is not difficult for beginners especially those who claim to not possess any creative juices in them. Scrapbooking can be overwhelming especially when you have to choose which embellishments you need to use. Other
