Rooted in the medieval ballad tradition, it concerns a madcap series of mistaken identities and romantic misadventures that conclude in a merry free-for-all.

We all carry people inside our heads—actors, leaders, writers, people out of history or fiction, met or unmet, who sometimes seem closer to us than people we know. In *The Man Within My Head*, Pico Iyer sets out to unravel the mysterious closeness he has always felt with the English writer Graham Greene; he examines Greene's obsessions, his elusiveness, his penchant for mystery. Iyer follows Greene's trail from his first novel, *The Man Within*, to such later classics as *The Quiet American* and begins to unpack all he has in common with Greene: an English public school education, a lifelong restlessness and refusal to make a home anywhere, a fascination with the complications of faith. The deeper Iyer plunges into their haunted kinship, the more he begins to wonder whether the man within his head is not Greene but his own father, or perhaps some more shadowy aspect of himself. Drawing upon experiences across the globe, from Cuba to Bhutan, and moving, as Greene would, from Sri Lanka in war to intimate moments of introspection; trying to make sense of his own past, commuting between the cloisters of a fifteenth-century boarding school and California in the 1960s, one of our most resourceful explorers of crossing cultures gives us his most personal and revelatory book.

Five Decembers is a gripping thriller, a staggering portrait of war, and a heartbreaking love story, as unforgettable as *All the Light We Cannot See*. "Read this book for its palpitating story, its perfect emotional and physical detailing and, most of all, for its unforgettable conjuring of a steamy quicksilver world that will be new to almost every reader." Pico Iyer

Download Ebook Picos War The Extraordinary Story Of An Artist An Atrocity

December 1941. America teeters on the brink of war, and in Honolulu, Hawaii, police detective Joe McGrady is assigned to investigate a homicide that will change his life forever. Because the trail of murder he uncovers will lead him across the Pacific, far from home and the woman he loves; and though the U.S. doesn't know it yet, a Japanese fleet is already steaming toward Pearl Harbor. This extraordinary novel is so much more than just a gripping crime story—it's a story of survival against all odds, of love and loss and the human cost of war. Spanning the entirety of World War II, FIVE DECEMBERS is a beautiful, masterful, powerful novel that will live in your memory forever.

An astonishing novel about redemption and forgiveness from the “amazingly talented writer” (HuffPost) and #1 New York Times bestselling author Jodi Picoult. Some stories live forever... Sage Singer is a baker. She works through the night, preparing the day's breads and pastries, trying to escape a reality of loneliness, bad memories, and the shadow of her mother's death. When Josef Weber, an elderly man in Sage's grief support group, begins stopping by the bakery, they strike up an unlikely friendship. Despite their differences, they see in each other the hidden scars that others can't. Everything changes on the day that Josef confesses a long-buried and shameful secret and asks Sage for an extraordinary favor. If she says yes, she faces not only moral repercussions, but potentially legal ones as well. With the integrity of the closest friend

she ' s ever had clouded, Sage begins to question the assumptions and expectations she ' s made about her life and her family. In this searingly honest novel, Jodi Picoult gracefully explores the lengths to which we will go in order to keep the past from dictating the future.

Pico della Mirandola, one of the most remarkable thinkers of the Renaissance, has become known as a founder of humanism and a supporter of secular rationality. Brian Copenhaver upends this understanding of Pico, unearthing the magic and mysticism in the most famous work attributed to him, The Oration on the Dignity of Man.
