?????????????This book addresses the impacts of current and future reproductive technologies on our world food production and provides a significant contribution to the importance of research in the area of reproductive physiology that has never been compiled before. It would provide a unique opportunity to separate the impacts of how reproductive technologies have affected different species and their contributions to food production. Lastly, no publication has been compiled that demonstrates the relationship between developments in reproductive management tools and food production that may be used a

reference for scientists in addressing future research areas. ?During the past 50 years assisted reproductive technologies have been developed and refined to increase the number and quality of offspring from genetically superior farm animal livestock species. Artificial insemination (AI), estrous synchronization and fixed-time AI, semen and embryo cryopreservation, multiple ovulation and embryo transfer (MOET), in vitro fertilization, sex determination of sperm or embryos, and nuclear transfer are technologies that are used to enhance the production efficiency of livestock species.

In My Voice Is My Weapon, David A. McDonald rethinks the conventional history of the Palestinian crisis through

an ethnographic analysis of music and musicians, protest songs, and popular culture. Charting a historical narrative that stretches from the late-Ottoman period through the end of the second Palestinian intifada, McDonald examines the shifting politics of music in its capacity to both reflect and shape fundamental aspects of national identity. Drawing case studies from Palestinian communities in Israel, in exile, and under occupation, McDonald grapples with the theoretical and methodological challenges of tracing "resistance" in the popular imagination, attempting to reveal the nuanced ways in which Palestinians have confronted and opposed the traumas of foreign occupation. The first of its kind, this book offers an in-depth ethnomusicological analysis of the Israeli-Palestinian conflict,
