The Little Prince | Folio Society Edition | Book Presentation

Sevana Warran, reigning prodigy Artifacts of the age, has absolutely no desire to selflessly serve her fellow man. She wants, in fact, to be left alone so that she can putter about in her workroom. But her efforts in avoiding other people prove to be in vain. The reigning family of Windamere is no longer sitting upon the throne and the Council has instead taken power. The sole hope of avoiding the evil machinations of the Council is Bellomi Dragonmanovich, Prince of Windamere. As a twenty-one year old cursed into the

Download Free The Child Prince Artifactor 1 Honor Raconteur

body of a perpetual eight year old, he lacks the power and ability to stop the Council. Sevana, after a judicious review of the situation, decides that she cannot let things continue. If she did, she'd never be left alone and would instead be buried in paperwork if the Council has anything to say about it. So she kidnaps the prince from where he was locked away in the palace and sets about breaking his curse. Prince and Artifactor quickly realize that simply breaking the curse won't be enough to free Windamere from the Council. It will take training, cunning, allies, information and more than just a little magic if they are to reclaim the throne.

Zelie Adebola remembers when the soil of Or sha hummed with magic. Burners ignited flames, Tiders beckoned waves, and Zelie's Reaper mother summoned forth souls. But everything changed the night magic disappeared. Under the orders of a ruthless king, maji were killed, leaving Zelie without a mother and her people without hope.

"In a kingdom at war, the princess discovers a devastating truth and might be the key to saving not only those closest to her, but the kingdom itself, if she reveals the very secret that could destroy her"--

Sinister sorcery. Gallows humor. A queer romance so glorious it could be right out of fae legend itself. Master of One is a fantasy unlike any other. Rags is a thief—an excellent one. He's stolen into nobles' coffers, picked soldiers' pockets, and even liberated a ring or two off the fingers of passersby. Until he's caught by the Queensguard and forced to find an ancient fae relic for a sadistic royal sorcerer. But Rags could never have guessed this "relic" would actually be a fae himself—a distractingly handsome, annoyingly perfect, ancient fae prince called Shining Talon. Good thing Rags can think on his toes, because things just get stranger from there... With the heist and intrigue of Six of Crows and the

1 Honor Raconteur

dark fairy tale feel of *The Cruel Prince*, this young adult fantasy debut will have readers rooting for a pair of reluctant heroes as they take on a world-ending fae prophecy, a malicious royal plot, and, most dangerously of all, their feelings for each other.

There was a time when magic was welcome in the country of Chahir, but that was nearly two centuries ago. Now, all forms of magic are strictly forbidden. Anyone caught using magic, or possessing magical abilities, are immediately imprisoned and executed. For Garth, that policy is a problem. As Garth approaches his sixteenth birthday, he realizes that he definitely has magical abilities. What's worse, he has no control over them. In order to stay alive, he only has one choice—he must leave his homeland, Chahir, and flee into the neighboring country, Hain. The journey isn't an easy one; he still has to make it out of Chahir without alerting anyone as to his abilities. What Garth doesn't know is that getting to Hain, and the Academy for All Magic, is going to be the easy part. Garth goes into Hain for one reason only; he wants training for his out-of-control magical powers. So how does he become a member of an exclusive magical clan known as the Jaunten; adopted by a magically enhanced colt; best friends with a gifted Witch; and foster brother of a four year old Mage? Let's just say he has a gift for finding trouble.

It's like the start of a bad joke: a Master of Tomes, his apprentice, and ninety world-saving records get lost at sea. Mei Li really wishes the joke wasn't her life. For two years she's been stranded in a remote village with no knowledge of where her master is or what's going on in the world. What she does know is one: she refuses to be sacrificed to the "god" the villagers think live on the mountain, two: she fully plans on negotiating with said "god" (who, luckily for her, turns out to be a dragon more than happy to rescue her). Her relief over being rescued is short lived when she learns that her master is still lost, along with the tomes detailing how to reseal and fix all the

Download Free The Child Prince Artifacts 1 Honor Raconteur

upcoming problems for the next decade. And at least four world disasters are due to be prevented in the next two months. To make matters worse, the Tomes Masters are the only people in the world who carry the knowledge of how to reseal the pesky problems like five-thousand-year-old sleeping demons and disintegrating harbor walls. With her master gone, everyone is looking to Mei Li for answers she doesn't have, but still has to procure. Her options are to solve the disasters-with high potential for the world ending-or somehow find Master and the missing tomes. Right now, Mei Li wants to go back in time and punch her six-year-old self for being an idiot. Being able to read books all day is not worth the stress of dealing with ancient, evil things on a regular basis.

A warm and surprisingly real-life biography, featuring never-before-seen photos, of one of rock's greatest talents: Prince. Neal Karlen was the only journalist Prince granted in-depth press interviews to for over a dozen years, from before Purple Rain to when the artist changed his name to an unpronounceable glyph. Karlen interviewed Prince for three Rolling Stone cover stories, wrote "3 Chains o' Gold," Prince's "rock video opera," as well as the star's last testament, which may be buried with Prince's will underneath Prince's vast and private compound, Paisley Park. According to Prince's former fiancée Susannah Melvoin, Karlen was "the only reporter who made Prince sound like what he really sounded like." Karlen quit writing about Prince a quarter-century before the megastar died, but he never quit Prince, and the two remained friends for the last thirty-one years of the superstar's life. Well before they met as writer and subject, Prince and Karlen knew each other as two of the gang of kids who biked around Minneapolis's mostly-segregated Northside. (They played basketball at the Dairy Queen next door to Karlen's grandparents, two blocks from the budding musician.) He asserts that Prince can't be understood without first understanding '70s Minneapolis, and that even Prince's best friends knew only 15 percent of him: that was all he was willing

Download Free The Child Prince Artifacts 1 Honor Raconteur

and able to give, no matter how much he cared for them. Going back to Prince Rogers Nelson's roots, especially his contradictory, often tortured, and sometimes violent relationship with his father, *This Thing Called Life* profoundly changes what we know about Prince, and explains him as no biography has: a superstar who calls in the middle of the night to talk, who loved *The Wire* and could quote from every episode of *The Office*, who frequented libraries and jammed spontaneously for local crowds (and fed everyone pancakes afterward), who was lonely but craved being alone. Readers will drive around Minneapolis with Prince in a convertible, talk about movies and music and life, and watch as he tries not to curse, instead dishing a healthy dose of "mamma jammass."

He had known this day would come. No man could escape the entire might of the Sovran forever. He just found it humorous that it was an enemy of the Sovran that had caught him instead. Bound, kneeling before a queen whom he had hounded for a straight year, he should have been anxious. Or at least a little worried. Instead, a strange sense of relief filled him. It was over. His mad escape from Brindisi's justice was over. "That is a very calm expression on your face, General Darius Bresalier," she observed. Her tone was idle, but her eyes were as sharp as a hawk's. "Are you not worried?" "I knew what the punishment would be, Your Most High Majesty," he answered respectfully. "I have had a year to resign myself to my fate. I cannot complain." She gave a low, musical hum of approval. "Well said. I have heard many reports on what you did but never once did I believe I could have the full tale." She leaned forward, causing the silk pillows behind her to slide in every direction. "Kingslayer, tell me. Why did you kill your king?"

An alliance embarks on a dangerous journey to uncover the secrets of the distant past and save their world in this captivating, deeply visionary adventure from #1 New York Times bestselling thriller-master James Rollins. A gifted student foretells an apocalypse. Her

Download Free The Child Prince Artifacts 1 Honor Raconteur

reward is a sentence of death. Fleeing into the unknown she is drawn into a team of outcasts: A broken soldier, who once again takes up the weapons he's forbidden to wield and carves a trail back home. A drunken prince, who steps out from his beloved brother's shadow and claims a purpose of his own. An imprisoned thief, who escapes the crushing dark and discovers a gleaming artifact - one that will ignite a power struggle across the globe. On the run, hunted by enemies old and new, they must learn to trust each other in order to survive in a world evolved in strange, beautiful, and deadly ways, and uncover ancient secrets that hold the key to their salvation. But with each passing moment, doom draws closer. **WHO WILL CLAIM THE STARLESS CROWN?** At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

After two years of training in Turransky under a new master, Rena is a proper Void Mage, supposedly ready to handle whatever the world throws at her. Which is just as well because Toh'sellor's influence has proven it can pop shards up anywhere at any given time across all three continents, with nothing to use to predict it. Worse still, it doesn't seem to have any real restrictions. Meaning they're in the middle of a losing battle, and even if they destroy the shards, they're losing the overall war. The Magical Intercontinental Specialist Division approach her, asking for help and offering support in dealing with the shards, but Rena senses it's not just the shards they want help with. She has a terrible premonition about what they really want her to destroy, and she's not sure if anyone has enough power to accomplish it. Rena just wonders how long it will take before someone says it out loud.
