This is a pre-1923 historical reproduction that was curated for quality. Quality assurance was conducted on each of these books in an attempt to remove books with imperfections introduced by the digitization process. Though we have made best efforts - the books may have occasional errors that do not impede the reading experience. We believe this work is culturally important and have elected to bring the book back into print as part of our continuing commitment to the preservation of printed works worldwide.

Look at the future of persecution. One day soon the only refuge for the faithful may be Space. Follow a desperate couple fighting isolation and equipment malfunction to pilot a gas-collecting balloon ship to the outer planets. Michael, crown prince of the Space Empire hopes to save his people from external attack with an internal rebellion and a battle cruiser like no other. His plans are shaken by a forbidden romance, political turmoil, and the discovery of Earth's Fourth Empire. Michael and his best friend Randolph might save or shatter the Space Empire's last hope for the future.

Elizabeth II, at the age of 91, is the longest-reigning monarch ever to sit on the throne of England. Most people living today have no memory of a time when she was not Queen. But when she was born, no one knew she was destined to rule. Her father, the Duke of York, was only the second son of George V. His dashing playboy brother was Prince of Wales and heir to the throne. It wasn't until King Edward VIII abdicated his throne to marry Wallis Simpson in 1936 that the Princess Elizabeth, then ten years old, knew the course that her life was to take. From the unlikely romance that united her parents, to the abdication that nearly toppled the monarchy, this biography will introduce you to the Princess who came before the Queen. Set apart from other children and sheltered by her parents, her steadiness of character nonetheless enabled her to help fight the Nazis in World War II and overcome steep obstacles in order to marry the man she loved. These were the years that forged the character of the woman whose 65-year reign has seen her country through the second half of the 20th century and beyond.

Lord Scott Oken, a prince of Albion, and Professor-Prince Mikel Mabruke live in a world where the sun never set on the Egyptian Empire. In the year 1877 of Our Lord Julius Caesar, Pharaoh Djoser-George governs a sprawling realm that spans Europe, Africa, and much of Asia. When the European terrorist Otto von Bismarck touches off an international conspiracy, Scott and Mik are charged with exposing the plot against the Empire. Their adventure takes them from the sands of Memphis to a lush New World, home of the Incan Tawantinsuyu, a rival empire across the glittering Atlantic Ocean. Encompassing Quetzal airships, operas, blood sacrifice and high diplomacy, Ramona Wheeler's Three Princes is a richly imagined, cinematic vision of a modern Egyptian Empire. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

KEEP CALM AND BE A PRINCESS! Do you enjoy writing in old fashion notebooks and journals? Then you need the Keep Calm and Be A Princess Notebook Laptop Or Paper Notebook? Technology promises to make our lives more productive. Indeed, some things are faster and easier than ever. Unfortunately, a lot of technology is designed for the task, not for the user. As a result, people are able to take more notes, yet understand less. Have you ever taken copious notes in a class or meeting using your computer only to realize afterwards you still didn't understand? Taking notes on paper forces you to synthesize rather than merely transcribe. Imagine you were wrongly accused of a crime and the world's most experienced court stenographer offered to represent you for free. Would you try to save a buck or shell out the money on an experienced attorney? The stenographer has heard as many court arguments, been in as many trials, listened to as many verdicts as most attorneys. However, their experience has primarily been that of transcription, not of comprehension and understanding. Because you desire comprehension and understanding rather than simple transcription, the Keep Calm and Be A Princess Notebook is a must. Studies About Benefits of Paper Notebooks Don't just take my word, based on a study conducted at UCLA, the Association for Psychological Science indicated that "taking notes by hand is better than taking notes on a laptop for remembering". Will you take advantage of this knowledge to gain an edge on your competition at school, work, or business? How will better understanding make things help you achieve your goals? Organize Your Life Get rid of little scraps of paper you use to capture inspirations and ideas, daily tasks, notes, and phone numbers. Use the Keep Calm and Be A Princess Notebook to neatly organize your life. Feel Better By Logging Your Progress In my corporate days, I'd instruct employees to write down accomplishments as they happened. During annual reviews, we are bogged down with current issues and activities and it's hard to remember the great things we did 9, 6, or even 3 months ago. Write down your accomplishments with your hobbies, weight loss, and other life goals. Use the Keep Calm and Be A Princess Notebook notebook to look back feel good about yourself and the things you've done! FREE BONUS INSIDE Included inside is a link to download a free copy or an amazing adult coloring book featuring mandalas, animals and butterflies. Aside from enjoying your Keep Calm and Be A Princess Notebook, enjoy hours of enjoyment and relaxation with beautiful adult coloring pages. Inside, you'll find: 100 pages for writing A link to download a FREE adult coloring book What Really Matters? Think about the importance of your birth certificate, marriage certificate, property deeds, or even the laws that govern our society...the stuff that really matters goes onto paper! Make what you do matter! Buy the Keep Calm and Be A Princess Notebook today, make what you write matter! ! Click the Buy button at the top of the page to begin.

The Princess of the Light: Book One of the Saga of the Princesses of the Light by James McKenzie The Princess of the Light by James A. McKenzie is a "fantastical" ride through space among thousands of civilizations that achieved much, but never conquered the problem of greed. This is a story that could have taken place several thousand years ago, or could possibly take place several thousand years in the future. This ethereal tale began in the surface world of Sha'nia, whose great trading ship returned from the cosmos with unexpected cargo-a plague that was so communicable that even trained medical personnel were unaware of it until it was too late. In two days, nearly the entire population had died. Now 6,000 people were the beneficiaries of 50 billion. In the Royal Palace, only 25 survived, including Queen Anne and her four children-William, Elizabeth, Andrea, and Andrew. They knew they were safe with the resources to feed, clothe, and educate themselves. However, over time, a problem came to light-only 100 women and 5 men remained fertile-how would they restore their population? Now, join the Sha'nia in their adventurous travels to other civilizations, as they look for ways to keep their planet alive. About the Author James A. McKenzie is a Michigan native, raised in Montrose, and currently residing in Haslett. The father of three children, he has enjoyed coaching their sports teams. An alumnus of Michigan State University, he trained as an engineer and is a skilled metal model maker by profession, able to create items that do not exist at present. If it can be imagined, he can make it. In addition to writing, his interests include sports and he has been a season ticketholder of Michigan State's women's basketball for years.
