John Baylis, Steve Smith "The globalization of world politics"

~~John Baylis, Steve Smith "The globalization of world politics"~~

Globalization affects the political stage by moving away from a national, territorial system and towards a unilateral integrated system. This allows for less focus on independent rights and economies and much greater focus on world events, local crises, human rights and global development, according to Global Policy.

Undermining globalization ' s huge benefits are distorting interventions of state capitalism from one direction and anxious politics of an increasingly defensive developed world from the other. The poorest countries are most likely to be uncomfortably squeezed by any clash of interests amongst the more developed countries.

~~The Politics of Globalization | Yale Global Online~~

The Globalization of World Politics is an introduction to international relations (IR) and offers comprehensive coverage of key theories and global issues. The seventh edition features several new chapters that reflect on the latest developments in the field, including those on gender and race.

~~Globalization of World Politics: An Introduction to ...~~

Globalism refers to various systems with scope beyond the merely international. It is used by political scientists, such as Joseph Nye, to describe "attempts to understand all the interconnections of the modern world—and to highlight patterns that underlie (and explain) them." While primarily associated with world-systems, it can be used to describe other global trends.
