10 Mysterious Books That Claim To Have Magical Powers

Mordecai has discovered his heritage and must take up the mantle of a lord of the realm, while figuring out what it really means to be a mage of the line of Illeniel. He is beset on both sides by allies and enemies trying to control or destroy his future. Gods and kings both seek to manipulate him for their own ends, and no matter what he chooses his loved ones will suffer. Will he risk destroying his love with a bond that might be her death, or face the madness that comes to wizards who embrace power without restraint?

Mordecai has discovered his heritage and must take up the mantle of a lord of the realm, while figuring out what it really means to be a mage of the line of Illeniel. He is beset on both sides by allies and enemies trying to control or destroy his future. Gods and kings both seek to manipulate him for their own ends, and no matter what he chooses his loved ones will suffer. Will he risk destroying his love with a bond that might be her death, or face the madness that comes to wizards who embrace power without restraint?

Mordecai's journey to master magic draws him into an ancient battle for the future of humanity.

Seven years have passed since Mordecai ' s battle with the Shining God, Celior, and since that time his control of his abilities has vastly improved. He has at last envisioned a use for the ' God-Stone ' ,but the gods want vengeance and now seek to destroy everything he has built. The secrets of the past threaten the futureof his kingdom, his family, and perhaps humanity itself, unless Mordecai can discover the meaning of ' Illeniel ' s Doom ' .How far will a desperate wizard go to protect his children... or will his efforts merely damn them all?

All the wizards were dead, that's what everyone believed, until the son of a blacksmith showed them otherwise. Here begins the tale of Mordecai, a young man who must come to terms with his origin and his hidden power.

From the dark depths of the past, comes the tale of the first wizard of Illeniel. Daniel Tennick lived simply, a young shepherd with few troubles and little to occupy his mind, until the warden appeared. Daniel ' s power awakens, and he finds himself hunted by the servants of the cruel and uncaring forest gods. Trapped by his gift, Daniel will uncover the secrets of the deep woods and those who live there, a civilization created from the grave of an older one. What he discovers will light a vengeful flame within him, consuming everything he touches.

Mordecai has made the ultimate sacrifice to keep his family safe, and now struggles to understand what he has become. Rejected by all, he must learn to master the darkness within if he is to stop Mal'goroth from destroying humanity. Alone, he battles to control the malevolent magic that has consumed him as he searches for some way to turn his destructive new powers against the Dark Gods themselves. To win, he must somehow transform his own damnation into mankind's salvation.

Years have passed since the last of the Dark Gods was defeated, and Lothion has entered an age of peace and prosperity. Mordecai ' s oldest children have already begun to make a place for themselves, and his youngest are on the cusp of adulthood. By every outward measure, his life has been a success; he has earned his reward. However, Tyrior, the first wizard and brutal liberator of mankind, has returned with an agenda of his own, and dark things continue to stir at the edges of civilization, threatening to undo Mordecai ' s accomplishments. He must meet the expectations of his queen, his family, and his people, all while finding a way to protect them from the ancient enemy of the She ' Har, but his greatest challenge may be dealing with the lingering darkness that is growing within his own heart.

The ancient magic of wizards was anything but dark. It was the enlightenment that lifted humanity from the squalor of superstition, and the worship of fell spirits and capricious gods, but those days are gone. The shining glory of the sorcerers burned away the subtlety of wisdom, replacing it with easy power, held only in the hands of the elite—a new age built upon the elemental supremacy of aristocrats and the ignorance of the masses. But this will change, for the greatest power comes with knowledge, and the deeper teachings of wizardry have not been utterly lost. The last wizard of the old tradition still survives in solitude, nursing tired grudges and waiting for death. His passing might have gone unnoticed, but for the imposition of a youth too stubborn to accept his refusal to take an apprentice. With a new student comes new hope, and that hope has caused old powers to stir again. That the world will change is inevitable, but the shape of the future is anything but certain.

War looms on the horizon but Selene ' s training as a wizard must begin, even though her age makes success nearly unattainable. Will searches for a solution, but their only hope may be a dangerous bargain with the king. The fate of two nations lies on Will ' s shoulders and the future is paved with violence. With few options, he needs the aid of uncertain allies and dubious friends. Traitors lurk among them, and soon he will be forced to choose who to trust—and who to sacrifice. For a terrible power has arrived in Darrow, and the price of victory will be paid in blood.
